

MAINTENANCE

MECHANIC

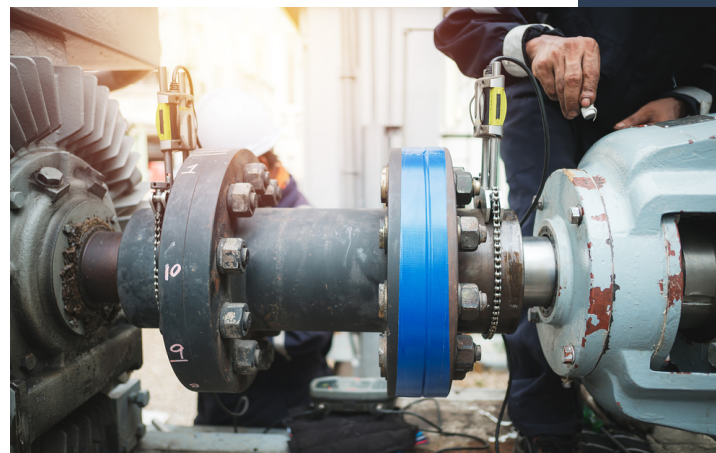

\$28.84 – \$61.97 PER HOUR

OM TECH 1 THRU 4 (DEPENDING ON QUALIFICATIONS)

THE POSITION

Under general supervision of the Maintenance Supervisor, the Maintenance Mechanic maintains, repairs, and installs wastewater treatment plant equipment, machinery and related facilities; maintains a variety of records; participates in special projects; and performs a variety of technical tasks relative to assigned areas of responsibility.

IDEAL CANDIDATE

The ideal candidate will have excellent interpersonal skills in order to work in an effective manner with all levels of employees. The desirable knowledge, skills and abilities include, but are not limited to:

- Mechanical working knowledge of internal combustion motors, diesel motors, electrically and fuel driven pumps, hydraulic equipment, gear reducers, pneumatic equipment, and basic electrical concepts.
- Experience performing preventative routine maintenance procedures, disassembly, repair, parts and bearing replacement, and rebuilding of mechanical, hydraulic, and pneumatic equipment.
- Ability to work alone or as part of a team with self-motivation and a positive attitude towards teamwork.
- The ability to check, test, troubleshoot, service, repair, rebuild, install and align facility pumps, motors, drive units, gas engines, air blowers, air compressors, and related mechanical equipment.
- Interpret manuals, drawings, and diagrams.
- Functional knowledge of operation and maintenance of various types of sewer pipe line cleaning and inspection equipment.
- Perform all other related duties as assigned and/or directed.

DUTIES

Examples of duties include but are not limited to:

- Operation of a wide variety of hand and power tools and specialized equipment.
- Perform skilled mechanical maintenance work in the repair, installation and alteration of wastewater treatment equipment and facilities.
- Perform skilled plumbing maintenance work in the repair, installation and alteration of water lines, sewer and other facilities and equipment.
- Perform both skilled and routine tasks related to a variety of wastewater facility maintenance needs.
- Maintain daily records of tasks in maintenance system.
- Drive vehicle on District Business as needed.

Please visit the District website [HERE](#) to submit an application, print a fillable PDF, or email your resume, cover letter, and any other relevant information to careers@fssd.com.

Deadline to submit application is
October 29, 2021

QUALIFICATIONS

Technician series qualifications vary based on education, experience and certifications listed below.

Education:

High school diploma or equivalent; additional technical school or college-level course work related to plant mechanics is highly desirable.

Experience:

Two to five years of experience in the installation, maintenance and repair of equipment in a water or wastewater treatment plant; or in an industrial environment installing, maintaining and repairing equipment such as pumps, motors, HVAC, gear boxes, power transmission equipment, Co-Gen engines, boilers, piping, and valves.

Certification:

Possession of a Plant Maintenance Mechanical Technologist Certificate from CWEA is highly desirable.

Possession of a valid California Class C driver's license and safe driving record is required.

OPERATION & MAINTENANCE SERIES

O&M Technician 1

\$28.84 – \$36.03 per hour

The O&M Technician 1 is an entry and training level class in the O&M Technician series. This position receives on-the-job training and experience while performing routine duties on an assigned shift under continuous and immediate supervision.

O&M Technician 2

\$36.31 – \$45.39 per hour

The O&M Technician 2 is the second level in the O&M Technician series. This position continues to receive on-the-job training and experience while performing routine duties on an assigned shift.

O&M Technician 3

\$42.23 - \$54.04 per hour

The O&M Technician 3 is a journey-level position in the Technician series. This technical position performs a variety of skilled tasks and more complex duties related to the maintenance of the District's wastewater treatment plant and collection's system.

O&M Technician 4

\$49.58 – \$61.97 per hour

The O&M Technician 4 is an advanced journey-level position in the Technician series.
