\$72.46 - \$80.51 per hour**

To review the qualifications, please review the job descriptions linked [HERE](#) or the job announcement linked [HERE](#).

This is a great opportunity to work in an outstanding organization where you will have the opportunity to work with an amazing team and showcase your leadership skills.

ABOUT THE JOB

A few reasons you will love this job:

- Your work will have a direct impact on the District's ability to provide important public services;
- You will be supervising a highly skilled and knowledgeable team;
- You will manage complex projects that require attention to detail, time management skills, and the ability to stay focused and organized.

A few challenges you might face in this job:

- You will be responsible for supervising a diverse team and will be required to apply various coaching techniques to motivate staff.
- You will often have competing demands and shifting priorities;
- Your staff will have varying levels of expertise, and will require flexibility in your training approach to be most effective.
- You will be presented with multiple communication and learning styles and will be expected to adapt accordingly.

IDEAL CANDIDATE

We are looking for an effective leader of people who can develop the talents of staff to carry out the department's initiatives and goals. You would be an ideal candidate if you are a team builder who inspires others toward a common vision and fosters trust and ethics; someone who leads by working alongside their team and their co-supervisor. To be successful you will need to be experienced, innovative, collaborative, solutions-oriented, and knowledgeable in the principles and practices of wastewater operations, maintenance, and regulations. Additionally, the team would benefit from you displaying exceptional interpersonal skills and cultural awareness, including the ability to communicate transparently, directly, and constructively and empower staff to do the same.

EMPLOYEE BENEFITS

FAIRFIELD-SUISUN SEWER DISTRICT

The Fairfield-Suisun Sewer District is a wastewater special district serving approximately 147,000 customers in Central Solano County, California, about 40 miles northeast of San Francisco.

The District safeguards public health and helps protect the Suisun Marsh, the nation's largest brackish water marsh and the largest remaining contiguous wetland on the Pacific Coast of North America.

Over several decades, the District has evolved from a technical engineering entity to a valuable resource manager, partner in local economic development, and active member of the watershed community. The District has taken numerous actions to shift traditional thinking about the way wastewater utilities are run.
