October 22, 2025

AGENDA REPORT

TO: Board of Directors

FROM: James Russell-Field, Director of Administrative Services

SUBJECT: Adopt Resolution No. 2025-30, Awarding a Contract for Services with IT Hub, LLC for Managed Information Technology Services and Approving a Budget Adjustment of \$50,000.

Recommendation: Adopt Resolution No. 2025-30, Awarding a Contract for Services with IT Hub, LLC for Managed Information Technology Services and Approving a Budget Adjustment of \$50,000.

Background: Since 2014, the District contracts with an Information Technology (IT) Managed Service Provider (MSP), overseen by the District's IT Manager, to support daily operations and ensure system networking, reliability, and protection. Since 2019, the District's MSP has been Meriplex, formerly GNT. Meriplex is a large IT company based out of Texas and acquired GNT in 2021 to serve as a satellite office.

Discussion: Due to the length of time with the MSP and organizational challenges after GNT's acquisition by Meriplex, District staff reviewed other IT service delivery models and experiences of Bay Area water and wastewater agencies. After careful review, District staff recommend transitioning to IT Hub as the District's MSP, who was highly recommended by a peer agency and has a proven record of responsiveness and flexibility for providing IT services to the wastewater industry.

Fiscal Impact: The monthly cost for IT Hub's services will be approximately \$13,200 per month, which is included in the District's FY 2025-26 budget. However, District staff are requesting a budget adjustment of \$50,000 to account for potential costs associated with onboarding IT Hub and offboarding Meriplex, which will be billed separately from the regular monthly MSP invoices.

Attachment: 1 – Resolution No. 2025-30
2 – IT Hub Service Agreement

FAIRFIELD-SUISUN SEWER DISTRICT
RESOLUTION NO. 2025-30

**A RESOLUTION AUTHORIZING THE GENERAL MANAGER TO SIGN A CONTRACT
FOR INFORMATION TECHNOLOGY MANAGED SERVICES WITH IT HUB, LLC**

WHEREAS, the Fairfield-Suisun Sewer District has contracted with Information Technology (IT) Managed Services providers since 2014 to supplement the IT capabilities of in-house staff; and,

WHEREAS, due to an acquisition and organizational changes, the Fairfield-Suisun Sewer District's current IT Managed Services provider is unable to meet the District's needs; and

WHEREAS, the Fairfield-Suisun Sewer District has reviewed other options for IT service delivery and experience of Bay Area Managed Service Providers for IT Services; and,

WHEREAS, the Fairfield-Suisun Sewer District recommends transitioning to IT Hub, LLC for Information Technology Managed Services, who came highly recommended from a peer agency.

NOW, THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE FAIRFIELD-SUISUN SEWER DISTRICT THAT:

1. The General Manager is hereby authorized to execute a Contract for Services with IT Hub, LLC for IT Managed Services.
2. The General Manager is authorized and directed to take all steps necessary and proper to implement this resolution.

PASSED AND ADOPTED this 27th day of October 2025, by the following vote:

AYES: Directors _____

NOES: Directors _____

ABSTAIN: Directors _____

ABSENT: Directors _____

President

ATTEST:

District Clerk

IT Hub Service Agreement

This Services Agreement for Professional Services and Deliverables ("Agreement") dated as of _____ the "Effective Date" is made between IT Hub LLC ("Consultant", "Contractor", "Us", "We", "Our", "Service Provider") PO Box 2031, Rohnert Park, CA 94927 and _____ ("CLIENT", "You", "Yourself" "Your", "District"), with offices at _____ (Individually referred to as a "Party" and together referred to as the "Parties").

EXHIBIT A: Estimated Monthly Services Description and Costs

Core Items (Ultimate Plan)	Rate	QTY	Extended
Users	\$130	71	\$9,230.00
Office Locations (Sites) (with SIEM)	\$500	1	\$500.00
Add-On Services			
Server Services	\$105	44	\$4,620.00
Additional Network Devices (with SIEM)	\$50	20	\$1,000.00
Co-Managed Discount ¹			-\$ 2,000.00
Commitment Term End: 12/31/2026 – No Auto-Renew, notwithstanding Section 3.2 of the Terms and Conditions			
Total Monthly Minimum	\$13,350.00		

EXHIBIT B: One-Time Services

One-Time Items
Onboarding Project <ul style="list-style-type: none"> • Turnover from previous MSP • Complete business/tech questionnaires • Complete network inventory • Onsite site-survey • Document and change known administrative passwords • Configure all in-scope software/services • Complete user on/off boarding SOPs • Transfer M365 subscriptions to IT Hub • Lock out previous MSP • Configure standardized workstation software templates

¹ Co-Managed discount applies if Your internal IT Staff perform the initial ticket triage and end-user support for all end-user generated tickets. The discount amount is assuming an average of 60 hours per month being offset by internal District staff self-resolving issues before escalating to Our technicians. We maintain the right to reduce or remove the discount at any time during the term if we determine that many tickets are being escalated without thorough review and good faith attempts to resolve by internal District IT Staff.

THE FINER DETAILS

OUR GENERAL TERMS AND CONDITIONS

All of the Terms in this Agreement are in addition to Our *General Terms and Conditions*, which can be found at <https://www.it-hub.net/terms>

By signing or accepting this Agreement, you also agree to those *General Terms and Conditions*.

For any terms that exist in both, the terms in this Agreement will override. This Agreement includes **Appendix G**, which forms an integral part of this Agreement.

FEES AND PAYMENTS

You shall pay us monthly, in advance, the fees listed in Exhibit A, per the terms set forth based on the highest number of nodes in the prior month, or the Monthly Minimum Fee, whichever is greater.

Any one-time fees listed in Exhibit B will be paid in advance after the agreement is executed.

The Monthly Minimum Fee shall be calculated as the fee for the original contracted number of nodes plus any additional Services and/or additional nodes as stated in Exhibit A as "Total Monthly Minimum."

Fees for Nodes added in the middle of a monthly period are prorated.

If the number of nodes will be permanently reduced mid-term (as an example: a server is decommissioned and won't be replaced), It is permitted, upon request, to reduce the monthly minimum by no more than 10% of the original contracted amount within the term. Renewal terms will set new monthly minimums using the current node count at the end of the previous term.

COMMITMENT TERM

The minimum term that You have agreed to use Our Services is outlined in Exhibit A and is referred to as the Commitment Term.

The Commitment Term begins from the effective date of this document.

Notwithstanding anything to the contrary in this Agreement or in the *General Terms and Conditions*, rates for services covered by Exhibit A are fixed during the term (except by mutual agreement in writing). Rate changes apply only at renewal, as set forth below. Appendix F rates apply only to out-of-scope/project work. Commencing

one (1) year after the Effective Date of this Agreement, and at each subsequent anniversary, we reserve the right to increase rates up to 5% from the previous term for any Renewal Term with at least 60 days' notice to You prior to the expiration of the immediately preceding Initial Term or Renewal Term. The price of your Agreement will be increased roughly in line with the latest publicly advertised CPI figure (Consumer Price Index) by the Federal Government. If the CPI is greater than 5%, or changes to our offerings necessitate a larger increase, We will obtain written authorization for the increase.

TERMINATION

We will provide services in a workmanlike manner, in accordance with applicable industry standards. If You wish to terminate this Agreement due to Our failure to deliver services in a workmanlike manner, You shall deliver notice of termination in writing. Termination of this Agreement or any SOW shall be effective thirty (30) days after We receive notice unless We cure the issue identified in the written notice within the thirty (30) day period.

We will, no later than the effective termination date, remove all IT Hub-provided software from Your devices, provide administrative credentials to the party of Your choice, delete Your data from all third-party systems. You agree to pay Us, at full price hourly rate, for rendering assistance in transition to a new IT provider or Your internal IT department.

No later than 14 days prior to the effective termination date, You will notify Us if You want Us to provide a copy of Your data from third-party backup vendors. If no such request is received, all backup data will be irretrievably deleted as of the effective termination date.

We, at our sole discretion, may terminate this Agreement if You: (a) are subject to the appointment of a receiver to oversee its affairs or property; or (b) enters into an assignment, or other arrangement, for the benefit of its creditors, or suffers an attachment against or a seizure of a substantial part of its assets, equipment or its parts and inventories. However, Your responsibility for past due amounts shall survive each bankruptcy proceeding provided the acknowledgment of such liability by You will not affect the discharge of You regarding other general creditors.

We, at our sole discretion, may terminate this Agreement if You harasses, use abusive language with, or otherwise engage in hostile behavior toward Our employees or contractors.

In the case of default by either party under this Agreement, the defaulting party will reimburse the non-defaulting party for all costs and expenses arising from the default, including reasonable attorneys' fees if the non-defaulting party engages in legal counsel to preserve or enforce such rights under this Agreement, including the collection of any payments due.

Termination of this Agreement will not adversely affect any right existing as of the effective date of termination. The rights and remedies provided under this Agreement are cumulative and in addition to any other rights or remedies available at law and in equity, and any other contract instrument or paper.

You agree that if You need to Terminate this Agreement without cause before the end of the Commitment Term, You agree to pay Us the current Agreement Fee multiplied by the number of months left in the current Commitment Term within 14 days of providing Us Notification of Termination.

Should there be any pricing adjustments made to this Agreement during a Commitment Term, the Plan Fee used to calculate any Termination Payment will be based on the latter of the original Proposal or any updated Pricing adjustments made in writing from Us to You.

All Termination requests must be made in writing.

OUR RESPONSIBILITIES

SERVICE REQUEST PRIORITIES

We classify Service Request priorities as shown in **Appendix A**.

These priorities tie directly in with Our Response Time Target to provide you with information about how quickly We try to respond to Your issues.

If you require a Service Request that would normally be classed as a High, Medium or Low priority to be escalated and remediated as a Critical Priority – then You can request for an "Emergency Upgrade". Please see our Rate Schedule for more information on "Emergency Upgrades".

As we know, not everything in life fits into a box so the final decision on classifying the priority of an issue will be made by Our responding technician.

WHAT'S COVERED

As part of this Agreement, we endeavor to include all of the day-to-day IT support items that are typically required to run a typical Business Technology Baseline Infrastructure.

You can see a list of all the items we will cover under this Agreement in **Appendix C**.

It's important to note that anything not included in **Appendix C** is explicitly excluded from Your Agreement and will be billed at our normal rates as found on our Rate Schedule. (**Appendix F**)

From time to time, we may provide support for items not explicitly included in **Appendix C** without charge – however we will do this at our sole discretion, and it does not imply those items will not be covered in the future.

YOUR RESPONSIBILITIES

MINIMUM STANDARDS

There are some Hardware and Software requirements that You need to have in place in order for Us to meet Our Service obligations, these can be found here: <https://www.it-hub.net/recommended-technology/>. We will update this list from time to time as certain technologies age and other technologies are released and tested by us.

If You do not have all of these Minimum Standards in place before Your Agreement start date, we will work with you on a plan to bring your Network up to our Minimum Standards.

We understand that this may take some time depending on timing and budgets so we will do our best to support any items that do not currently meet Our Minimum Standards.

However, if an item requiring support does not meet our Minimum Standards, it will be at our sole discretion whether we charge You for any time incurred for supporting that Item.

APPROVED BUSINESS SOFTWARE

The list in **Appendix D** shows all of the Approved software that can be installed on any of the Computers or Devices covered by this Agreement.

This doesn't mean that all other software can't be installed – it simply means that if other software is installed, then it's up to our sole discretion whether we cover any Service Requests related any other Software under the scope of this Agreement.

If We deem any Service Requests to be Out of the scope of This Agreement, We will ask for Your approval before performing any work.

This list may change over the time we work together under this Agreement. We will email any updates to this list to Your Primary IT Contact.

LODGING OF SERVICE REQUESTS

The process for lodging Service Requests is outlined in Our General Terms and Conditions as referenced in the General Section of this Agreement.

Critical and High Priority Service Requests must be lodged via Client Portal or phone; otherwise Our Response Time Target will only be applicable at Our Low priority level for these.

It's important You and Your team follow this process to ensure You receive the support at the levels We strive to provide.

You agree to make sure Your team is aware of any restrictions You have in place regarding who is authorized to lodge Service Requests, as all requests received by us will be chargeable and / or allocated against this Agreement.

ACCESS REQUIREMENTS

You agree to allow Us full and free access to Your computers, associated equipment. Your premises and Your team for the purposes of providing the Services in this Agreement.

If there is anything that interferes with our access, we may in our absolute discretion charge You for any extra time incurred.

PRIMARY IT CONTACTS

You agree to nominate from Your team a Primary IT Contact and a Secondary IT Contact (who We will treat as the Primary IT Contact should the current Primary IT Contact not be available).

When issues of Critical and High Priority are happening, your Team are to channel all communication through these people during business hours.

This allows Our team to work most effectively in restoring Your services as fast as possible, instead of fielding calls from multiple sources about the same problem.

The Primary IT Contact is to inform all staff at these times, to ensure fast resolutions.

The role of the Primary IT Contact is to also assist Our team to be the eyes and hands onsite, to allow them to remotely diagnose and solve issues in the fastest possible manner.

You will be asked to provide the details of your nominated Primary and Secondary IT Contacts during your Onboarding process and you agree to update us if and when these Contacts change during the Term of this Agreement.

THIRD PARTY AUTHORIZATIONS

In order to be able to assist You quickly in times of need, You need to make sure We are authorized to work with all of Your external Vendors that We may require to work with to provide you Our Service.

This includes but is not limited to Your Internet Service Provider, Your Web and Domain Hosting Provider and Your Telephony Provider.

During your Onboarding process We will run through with You to determine all the Vendors You will need to give authorization to.

If We are not Authorized for a particular Vendor, We may in Our absolute discretion, charge You extra for any Time it takes us to obtain authorization for Us to deal with that Vendor on Your behalf when needed.

If You start working with any new Vendors that We will need to interact with after We start work on this Agreement, You agree to make sure that We are authorized to act on Your behalf on commencement of Your relationship with the new Vendor.

APPENDIX A

RESPONSE TIMES & PRIORITY LEVELS

The following table shows the Target Response times (in business hours) for each priority level and provides priority level examples. **Target Response Times are not guaranteed; the table below is a reference to provide an example. Note: Response Time is not Resolution Time.**

If the support request is lodged outside Our Business Hours, Our Response Time Target does not apply. We will still work on your Service Request as fast as possible, however it will be on a "best effort" basis.

PRIORITY	EXAMPLES	TARGET RESPONSE TIMES
 Critical	Your Main Server is offline, and all users are unable to work.	1 Hour
	One of your Network Switches has failed and stopped half the company from working.	
	A VPN link between 2 x offices is offline causing one office to be unable to work.	
 High	Your Internet Connection is offline, users can still work locally	2 Hours
	Your CEO's computer has stopped working	
	Your main Accounting Software has stopped working	
 Medium	A user's desktop won't turn on so they can't work	4 Hours
	One of the main printers is not working, but users can print to another one	
	A user is having problems connecting to the Wireless network	
 Low	Printing is slower than normal	8 Hours
	A single user is unable to scan	
	A user needs a program installed on their PC	
 No Priority	Pro-Active maintenance of systems New user setups New computer setups	N/A

APPENDIX B

RESPONSE TIME TARGET EXCLUSION LIST

The Response Time Target does not apply to:

- ⇒ Additions, moves or changes to users, devices, configurations, or network.
- ⇒ Issues lodged in any other manner than specified in this Agreement and our *General Terms and Conditions*
- ⇒ Issues lodged outside Our Business Hours
- ⇒ Items caused by Hardware or Software not meeting our Minimum Standards
- ⇒ Service Requests related to Software not on our Approved Software List (see Appendix D)
- ⇒ Service Requests for issues that have been caused by You not acting on advice or recommendations given by Us
- ⇒ Service Requests for Issues caused by You or third parties modifying any Hardware or Software Configuration
- ⇒ Service Requests for issues related to user-initiated Virus and Malware Infections
- ⇒ Service Requests for Issues involving the sourcing of hardware/software
- ⇒ Service Requests for Hardware and Software issues of items that are not under current warranty or maintenance coverage

APPENDIX C

AGREEMENT INCLUSION LIST

- I. MANAGEMENT
 - a. IT Documentation
 - b. Schedule Strategic Business Review meetings
 - i. Recommended frequency is at least annually with additional meetings as requested by Client
 - c. Annual IT Budget Preparation
 - d. Hardware lifecycle management
 - e. Access to IT Hub Client Portal
 - f. Access to a single Co-Managed User account for internal IT access to tickets and support queues. Additional Co-Managed User licenses are \$80/user/month.
- II. MANAGED SERVER (Included with Server Services)
 - a. Key Application Maintenance²
 - b. OS and 3rd Party Patch Management
 - c. Real Time Server Optimization
 - d. Scheduled Preventative Maintenance
 - e. License & Asset Management
 - f. Integrated Anti-Virus Management
 - g. Performance and Asset reporting available upon request.
- III. MANAGED WORKSTATIONS (Up to 2 per user included with Managed User³)
 - a. Privileged Access Management
 - b. Advanced Performance Monitoring
 - c. Configuration Management & Enforcement
 - d. OS and 3rd Party Patch Management
 - e. Real Time Workstation Optimization
 - f. Scheduled Preventative Maintenance
 - g. Integrated Anti-Virus Management
 - h. Performance and Asset reporting available upon request.
- IV. MANAGED USER
 - a. USER ACCOUNT MANAGEMENT
 - i. Onboarding and Offboarding users
 - 1. Setting up new user profiles on the managed servers and workstations
 - 2. Disabling and archiving users who are leaving the organization.
 - ii. Assisting users with password resets
 - iii. Adjusting file and folder permissions on the managed servers
 - b. DOCUMENT ONLY CLOUD BACKUP

² Line of Business Applications must have a support contract maintained by client with software vendor or developer.

³ A “workstation” may be a laptop, desktop, virtual desktop, or user profile on a remote desktop services server. Each “Per User” plan covers up to 2 “workstations” per user. For Instance: A user may have a company laptop and company desktop, this would be included, but if they have those AND a virtual desktop, additional fees may apply.

- i. Basic Document Only Cloud Backup when OneDrive is not in use (Word, Excel, PowerPoint, PDF)
- c. PASSWORD MANAGER
 - i. Cloud based password management service provided to any managed user.
 - ii. Admin accounts for managers to secure folders and generate reports showing per user password access.
- d. "BRING YOUR OWN DEVICE" SUPPORT
 - i. Assist users with basic BYOD support, regarding supporting functionality for business related tasks.
 - 1. Installing, modifying, troubleshooting remote access to servers or work-related services.
 - 2. Helping users join personal devices to company resources.
 - ii. Does NOT include repair services or major modifications of personal devices or home networks.
- e. BASIC 3rd PARTY CLOUD SUPPORT
 - i. Up to 2 cloud services.
 - ii. Helping install cloud app client software.
 - iii. Basic user management in cloud app.
- f. BASIC CLOUD VOIP PLATFORM SUPPORT
 - i. Setting up lines and extensions for new users.
 - ii. Help users with basic account configuration.
- g. ADVANCED SECURITY
 - i. Add-on EDR License (Automated Endpoint Detection and Response)
 - ii. Co-Managed Security Operations Center
 - iii. Employee Security Training Program
 - 1. Annual Security Quiz, Monthly Security Newsletter, Weekly Micro-Quizzes
 - 2. Self-Service training dashboard for supervisors to review employee progress.
 - 3. "Dark Web" scan of one domain

V. REMOTE HELPDESK SUPPORT (Included with Managed User)

- a. Remote support will be available Monday through Friday from 8:00 AM to 5:00 PM PST, excluding holidays.
- b. Service Provider may use its discretion to determine if a support ticket may be addressed via remote support, or on-site support. If Service Provider determines the ticket needs to be addressed during an on-site visit, the ticket may be left unresolved until the next scheduled on-site visit.
- c. Helpdesk Incident reporting available upon request

VI. MANAGED NETWORK DEVICE SUPPORT (SITE – UP TO 10 DEVICES)

- a. Managed network devices consist of firewalls, managed switches, wireless controllers, stand-alone wireless access points, large production printers, stand-alone printer servers, and utility computers, such as a conference room PC.
- b. Performing regular scheduled firmware updates.
 - i. Client is responsible for maintaining support subscriptions for the devices under management. We can facilitate renewals if needed.
 - ii. Large production printers sometimes require leasing company to perform updates.

- c. Monitor hardware and software status of managed devices.
 - i. For switches and firewalls, set and monitor thresholds for network bandwidth⁴
- d. Troubleshoot errors and adjust settings as needed to maintain desired security and functionality.
- e. Deploy printers to managed workstations.
- f. Maintain DHCP and Static IP subnets
- g. Monitor VPN tunnels and repair as needed, major modifications may be reclassified as a project.
- h. Inject network device logs from Switches and Firewalls into a managed SIEM platforms.
- i. Unlimited remote and onsite support for managed devices.
- j. Reporting available upon request
- k. Additional devices: \$75/device/month

VII. OFFICE 365 BACKUP, SECURITY AND SUPPORT (Included with Managed User)

Items with * are not included in "LIMITED MAILBOX ONLY USER SUPPORT"

- a. Unlimited Office 365 Backup for Email, OneDrive for Business and SharePoint Online for active users.
- b. Antivirus, Antispam and Advanced Threat Protection for Email, OneDrive for Business and SharePoint Online
- c. IT Hub Helpdesk Remote Office 365 Support
 - i. Add/Remove Users, Groups, Contacts and Permissions⁵
 - ii. Password reset assistance.
 - iii. Manage licenses for Office 365 and the backup and security services
 - iv. Adjusting Exchange Online Data Retention Policies
 - v. Adjusting Security settings to meet your organization's needs
 - vi. Modifying Allow / Deny lists based on sender domains.
 - vii. Applying Preset Data Loss Prevention Templates
 - viii. Creating Quarantine management users (for self-service quarantine release)
 - ix. Monitoring logs for backups, suspicious virus / spam activity
 - x. 30 minutes per month for eDiscovery tasks (minutes do not roll over)
 - xi. Phone assistance with adding Office 365 accounts to computers and mobile devices⁶
 - xii. Assistance with setting up multi-factor authentication for end users⁷
 - xiii. Troubleshooting and Repairing MS 365 Connectivity or Sync Issues on Company Devices*

VIII. LIMITED MAILBOX ONLY USER SUPPORT (For board members)

- i. The extent of troubleshooting included in these services ends when the user can sign into the Outlook Web App from any device and can send and receive email from the Web App.
Signing into the Outlook Web App indicates client access to a functional mailbox.
- ii. Connecting to, or advising on personal devices, such as computers or mobile devices is **not included**. The end-user is responsible for having a functional

⁴ Dependent on device capabilities

⁵ If the Office 365 Tenant is syncing with Active Directory, an IT Hub Server Managed Service Agreement must be purchased as well.

⁶ Does not include assistance with Office software installation / troubleshooting / repair, that service is provided with the Managed Workstation service.

⁷ Requires the end user be using the latest available Office applications, web browser and mobile device OS

device and, if desired, configuring any method of access other than the Outlook Web App via a Web Browser.

IX. MANAGED SERVER BACKUP MONITORING (Included with Server Services)

- a. Backup Performance Monitoring
- b. Backup Software Updates
- c. Scheduled Backup Jobs
- d. Disaster Recovery Planning⁸
- e. Backup reporting available upon request
- f. Quarterly backup recovery simulation⁹

X. PROJECTS / OUT OF SCOPE WORK (**Not Included**)

- a. Projects and Out of Scope Tasks are **not** included in this agreement. Projects and Out of Scope tasks can consist of, but are not limited to:
 - i. Anything not explicitly listed in **Appendix C**
 - ii. Troubleshooting or repairing personal or home network issues
 - iii. Replacing or installing new servers, workstations, network devices.
 - iv. Deploying major software changes that require a large amount of planning or testing throughout the organization.
 - v. Supporting personal "BYOD" devices for personal use.
 - vi. Researching and project management.
- b. Project and out-of-scope work will be billed at the discounted rates in the Rate Schedule (**Appendix F**).
- c. Security Incident Response including Ransomware or Account Compromise are out of scope and will be billed at emergency rates in the Rate Schedule (**Appendix F**).
- d. Training staff on how to use properly functioning applications.

XI. AFTER HOURS / EMERGENCY (**Not Included**)

- a. The Client may request work to be performed after hours (any time outside 8 AM to 5 PM) Monday through Friday, the Client may also request services due to unplanned situations. Such as servers not responding, hardware failures, etc.
- b. Service Provider will make reasonable efforts to accommodate after hours or emergency requests, however Service Provider may decline requests to perform work after hour or emergency services.
- c. Service Provider and Client may verbally negotiate after hours work to be performed either utilizing bulk hours or invoicing normal hourly rates for circumstances such as planned downtime, or testing.

As you can appreciate, it's hard to build a profitable and sustainable business offering "Unlimited Support" at a reasonable price for items that we didn't recommend, sell and install. As such, if the Hardware we are troubleshooting was not purchased from or recommended by us and/or the device is not currently covered by the Manufacturer's warranty, a care pack or a maintenance agreement, then it is in Our sole discretion as to whether We will cover this work under the Scope of this Agreement or set it as Billable Out of Scope work.

⁸ Disaster recovery planning does not include providing disaster recovery infrastructure, additional fees may apply for disaster recovery infrastructure.

⁹ Cloud service hosting fees will apply if testing cloud recovery.

APPENDIX D

APPROVED SOFTWARE LIST

- ⇒ Microsoft Software – *Microsoft Office Suite, Microsoft Edge, Microsoft 365 Apps*
- ⇒ Adobe Applications – *Acrobat, Creative Cloud*
- ⇒ Bluebeam Revu
- ⇒ Java Runtime Environment / OpenJDK
- ⇒ 7 Zip
- ⇒ Greenshot
- ⇒ QuickBooks (Latest version)
- ⇒ Sage Accounting (Latest Version)
- ⇒ Common VPN Clients: Sonicwall NetExtender, WatchGuard SSLVPN Client, PaloAlto GlobalProtect, Cisco Secure Client

APPENDIX E

DEFINITIONS & INTERPRETATIONS

“Agreement” means any arrangement between Us and You (whether alone or in conjunction with any other person) for Services and/or the provision of Goods provided by Us under an arrangement in connection with Work agreed to be done or progressed for or on behalf of You or any other person at Your request, including as set out in this Agreement and any corresponding Proposal.

“Node” refers to any serviceable item, for instance, nodes can consist of computers, mobile phones, tablets, user accounts, servers, network devices, IP addresses, etc.

“Plan Fee” means a quote provided to You by Us;

“Proposal” means a Quote or Proposal provided to You by Us;

“Rate Schedule” means the schedule of rates, charges, and conditions for the services of Ours as set, and as may be varied, by Us from time to time in Our absolute discretion.

“Recommended Technology Platform” is the list of Software and Hardware found at <https://www.it-hub.net/recommended-technology/> and updated by Us from time to time.

"Response Time" Response Time is measured as the difference between the time We are first notified of a New Service Request as per the process outlined in our *General Terms and Conditions* and the time that We acknowledge and start reviewing the request. We strive to meet the Target Response Time, but there are no Response Time Guarantees.

"Services" means the provision of any services by Us including Work, advice, and recommendations.

"Service Request" means any request for work that either you ask us to perform, or we perform proactively on your behalf;

"Software" includes software and any installation, update, associated software, and any services provided in connection with any of these things.

APPENDIX F

RATE SCHEDULE

Our rate schedule may change at any time during the term of this agreement.

A current rate schedule may be requested at any time. For your convenience, below is a table showing the rate schedule as of September 2025, as well as the hourly rate after discount.

Service	Business Hours Hourly Rate ¹⁰	After Hours Hourly Rate	Minimum Commit Per Service Request or On-Site Visit
Remote Support	\$215 \$85	\$300 \$170	30 Minutes (15-minute increments)
On-Site Support	\$275 \$145	\$360 \$230	2 Hours (1 Hour increments)
Major Infrastructure Deployment ¹¹	\$400 \$270	\$485 \$355	2 Hours
After Hours On-call Standby ¹²¹³	N/A	\$75	2 Hours (1 Hour increments)

Emergency Request¹⁴: Use "After Hours" rates.

Minimum Emergency remote support commit: 1 hour

Cancellation Fee (within 24 hours of on-site appointment): \$150

Travel Fee for On Site greater than 30 miles from Rohnert Park, CA: \$215

¹⁰ "Business Hours" are Monday – Friday 8 AM to 5 PM PST excluding major US Holidays.

¹¹ Services necessitating advanced skillsets or multiple technicians. Examples: Installing physical servers, switches, firewalls, or other network appliances, populating, and wiring racks, assisting with location moves, etc.

¹² Staff available to answer support requests after hours, if a support request is made, additional after-hours support rates apply.

¹³ Minimum 10 block hour purchase required.

¹⁴ Emergency Request is a request for immediate support or support before our first available appointment.

APPENDIX G

Additional Terms from Fairfield-Suisun Sewer District's "Contract for Services"

The following provisions, originally proposed by FAIRFIELD-SUISUN SEWER DISTRICT ("District"), are hereby incorporated into this Agreement as **Appendix G**. In the event of any conflict between these provisions and the main body of this Agreement, the terms of Appendix G shall prevail unless otherwise agreed in writing.

THIS AGREEMENT FOR IT Managed Services. ("Agreement") is entered into as of "Effective Date" between the FAIRFIELD-SUISUN SEWER DISTRICT ("District") and IT Hub LLC ("Contractor").

I. INDEMNITY

Contractor shall indemnify, hold harmless and defend, in any actions at law or in equity, the District, its officers, employees, agents, and elective and appointive boards, from all claims, losses, damage, including property damage, personal injury, including death, and liability of every kind, nature and description, including attorneys' fees, to the extent arising from Contractor's operations, or from any persons directly or indirectly employed by, or acting as agent for, Contractor, excepting the sole negligence or willful misconduct of the District. Notwithstanding anything in this Agreement to the contrary, this indemnification shall extend to such claims, losses, damage, injury, death, or other liabilities occurring after the completion of Contractor's operations, as well as during the progress of rendering such services.

Submission of insurance certificates or submission of other proof of compliance with the insurance requirements of this Agreement does not relieve Contractor from liability under this indemnification section. The obligations of this indemnification section shall apply whether or not such insurance policies have been determined to be applicable to any of such damages or claims for damages.

II. INSURANCE

Without limiting Contractor's obligation to indemnify the District, The policy shall remain in full force and effect for no less than 5 years following the completion of work under this Contract

Contractor shall procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise out of or in connection with the performance of the work under this Agreement by Contractor, its agents, representatives, or employees.

a. Minimum Scope AND LIMIT of Insurance

Coverage shall be at least as broad as:

- i. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$2,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.
- ii. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$1,000,000 per accident for bodily injury and property damage.
- iii. **Workers' Compensation** insurance as required by the State of California, with Statutory Limits, Workers' Compensation and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease
- iv. **Cyber Insurance**, with limits not less than \$2,000,000 per occurrence or claim, \$2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Contractor in this agreement and shall include, but not be limited to, claims involving security breach, system failure, data recovery, business interruption, cyber extortion, social engineering, infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release

of private information, and alteration of electronic information. The policy shall provide coverage for breach response costs, regulatory fines and penalties as well as credit monitoring expenses.

v. **Technology Professional Liability Errors and Omissions**

Insurance appropriate to the Contractor's profession and work hereunder, with limits not less than \$2,000,000 per occurrence. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by the Contractor in this agreement and shall include, but not be limited to, claims involving security breach, system failure, data recovery, business interruption, cyber extortion, social engineering, infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, and alteration of electronic information. The policy shall provide coverage for breach response costs, regulatory fines and penalties as well as credit monitoring expenses.

If Contractor maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or the higher limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District. No representation is made that the minimums shown above are sufficient to cover the indemnity or other obligations of the Contractor under this Agreement.

b. Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

- i. **Additional Insured Status.** The District, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be

provided in the form of an endorsement to Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

- ii. **Primary Coverage.** For any claims related to this Agreement, **Contractor's insurance coverage shall be primary and non-contributory** and at least as broad as ISO CG 20 01 12 19 as respects the District, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the District, its officers, officials, employees, or volunteers shall be excess of Contractor's insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.
- iii. **Umbrella or Excess Policy.** Contractor may use Umbrella or Excess Policies to provide the liability limits as required in this Agreement. This form of insurance will be acceptable provided that all of the Primary and Umbrella or Excess Policies shall provide all of the insurance coverages herein required, including, but not limited to, primary and non-contributory, additional insured, Self-Insured Retentions (SIRs), indemnity, and defense requirements. The Umbrella or Excess policies shall be provided on a true "following form" or broader coverage basis, with coverage at least as broad as provided on the underlying Commercial General Liability insurance. No insurance policies maintained by the Additional Insureds, whether primary or excess, and which also apply to a loss covered hereunder, shall be called upon to contribute to a loss until Contractor's primary and excess liability policies are exhausted.
- iv. **Notice of Cancellation.** Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the Entity
- v. **Waiver of Subrogation.** Contractor hereby grants to the District a waiver of any right to subrogation which any insurer of Contractor may acquire against the District by virtue of the payment of any loss under such insurance. **Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation**, but this provision applies regardless of

whether or not the District has received a waiver of subrogation endorsement from the insurer. The Workers' Compensation Policy shall be endorsed with a waiver of subrogation in favor of the District for all work performed by the Contractor, its employees, agents, and subcontractors.

- vi. **Self-Insured Retentions.** Self-insured retentions must be declared to and approved by the District. The District may require Contractor to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District. The CGL and any policies, including Excess liability policies, may not be subject to a self-insured retention (SIR) that exceeds \$50,000 unless approved in writing by the District. Any and all SIRs shall be the sole responsibility of Contractor or subcontractor who procured such insurance and shall not apply to the Indemnified Additional Insured Parties. The District may deduct from any amounts otherwise due Contractor to fund the SIR. Policies shall NOT contain any self-insured retention (SIR) provision that limits the satisfaction of the SIR to the Named. The policy must also provide that defense costs, including the Allocated Loss Adjustment Expenses, will satisfy the SIR. The District reserves the right to obtain a copy of any policies and endorsements for verification.
- vii. **Acceptability of Insurers.** Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the District.
- viii. **Verification of Coverage.** Contractor shall furnish the District with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this **clause and a copy of the Declarations and Endorsements Pages of the CGL and any Excess policies listing all policy endorsements.** All certificates and endorsements and copies of the Declarations & Endorsements pages are to be received and

approved by the District before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive Contractor's obligation to provide them. The District reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time. District reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances. The District may withhold payment to Contractor until Contractor provides complete insurance certificates and endorsements satisfactory to the District.

- ix. **Subcontractors.** Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that District is an additional insured on insurance required from subcontractors.
- x. **Duration of Coverage.** CGL & Excess liability policies for any construction related work, including, but not limited to, maintenance, service, or repair work, shall continue coverage for a minimum of 5 years for Completed Operations liability coverage. Insurance must be maintained and evidence of insurance must be provided ***for at least five (5) years after completion of the contract of work.***
- xi. **Claims Made Policies (for Professional Liability).** If any of the required policies provide claims-made coverage:
 1. The Retroactive Date must be shown, and must be before the date of the contract or the beginning of contract work.
 2. Insurance must be maintained and evidence of insurance must be provided ***for at least five (5) years after completion of the contract of work.***
 3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, Contractor must purchase "extended reporting" coverage for a minimum of five years after completion of work.

III. DEFAULT

- B. If Contractor defaults in Contractor's performance, the District shall promptly notify Contractor in writing. If Contractor fails to cure a default within 30 days

after notification, or if the default requires more than 30 days to cure and Contractor fails to commence to cure the default within 30 days after notification, then the District may immediately terminate this Agreement at the District's sole discretion.

- C. If Contractor fails to cure default within the specified period of time, the District may elect to cure the default and any expense incurred shall be payable by Contractor to the District. The Agreement may be immediately terminated at the District's sole discretion.
- D. If this Agreement is terminated because of Contractor's default, the District shall be entitled to recover from Contractor all damages allowed by law.

IV. LIMITATION ON LIABILITY

Notwithstanding Section 22.5 of the *General Terms and Conditions*, Contractor's total cumulative liability for direct damages arising out of or relating to the Agreement, the Goods, the Services, or any Work, whether in contract, tort (including negligence), statute or otherwise, shall not exceed, in the aggregate, the minimum required insurance limits that Contractor is obligated to maintain under Section II above at the time of the event giving rise to the claim. For clarity, the cap equals the highest single minimum limit required under Section II that is applicable to the claim.

V. MISCELLANEOUS TERMS AND CONDITIONS

a. ASSIGNMENT

Contractor shall not assign any rights or duties under this Agreement to a third party without the prior written consent of the District.

b. INDEPENDENT CONTRACTOR

- i. Contractor is an independent contractor and not an agent, officer or employee of the District. The parties mutually understand that this Agreement is between two independent contractors and is not intended to and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture or association.
- ii. Contractor shall have no claim against the District for employee rights or benefits including, but not limited to, seniority, vacation time, vacation pay, sick leave, personal time off, overtime, medical, dental or hospital benefits, retirement benefits, Social Security, disability, Workers' Compensation, unemployment

insurance benefits, civil service protection, disability retirement benefits, paid holidays or other paid leaves of absence.

- iii. Contractor is solely obligated to pay all applicable taxes, deductions and other obligations including, but not limited to, federal and state income taxes, withholding, Social Security, unemployment, disability insurance, Workers' Compensation and Medicare payments.
- iv. Contractor shall indemnify and hold the District harmless from any liability which the District may incur because of Contractor's failure to pay such obligations nor shall the District be responsible for any employer-related costs not otherwise agreed to in advance between the District and Contractor.
- v. As an independent contractor, Contractor is not subject to the direction and control of the District except as to the final result contracted for under this Agreement. the District may not require Contractor to change Contractor's manner of doing business, but may require redirection of efforts to fulfill this Agreement.
- vi. Contractor may provide services to others during the same period Contractor provides service to the District under this Agreement.
- vii. Any third persons employed by Contractor shall be under Contractor's exclusive direction, supervision and control. Contractor shall determine all conditions of employment including hours, wages, working conditions, discipline, hiring and discharging or any other condition of employment.
- viii. As an independent contractor, Contractor shall indemnify and hold the District harmless from any claims that may be made against the District based on any contention by a third party that an employer-employee relationship exists under this Agreement.
- ix. Contractor, with full knowledge and understanding of the foregoing, freely, knowingly, willingly and voluntarily waives the right to assert any claim to any right or benefit or term or condition of employment insofar as they may be related to or arise from compensation paid under this Agreement.

VI. PROPRIETARY MATERIAL

The District does not authorize the impermissible use of any patent or the impermissible reproduction of any copyrighted material by Contractor in the performance of this Agreement. Contractor is solely responsible for any such use.

VII. WAIVER

Any failure of a party to assert any right under this Agreement shall not constitute a waiver or a termination of that right, under this Agreement or any of its provisions.

VIII. NONDISCRIMINATION

- a. In rendering services under this Agreement, Contractor shall comply with all applicable federal, state and local laws, rules and regulations and shall not discriminate based on age, ancestry, color, gender, marital status, medical condition, national origin, physical or mental disability, race, religion, sexual orientation, or other protected status.
- b. Further, Contractor shall not discriminate against its employees, which includes, but is not limited to, employment upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training, including apprenticeship.

IX. OWNERSHIP AND CONFIDENTIALITY OF DOCUMENTS

The District shall be the owner of and shall be entitled to possession of all rights, title, royalties and interest to and in all work product of Contractor resulting from its performance under this Agreement, including, but not limited to, drawings, specifications, data, reports, estimates, software, summaries, electronic files of all deliverables, and any other such information and materials as may be prepared or developed by Contractor in performing work under this Agreement, whether complete or in progress and none shall be revealed, disseminated, or made available by Contractor to others without prior consent of the District.

Notwithstanding the foregoing, any scripts, code, utilities, templates, or tools (including, without limitation, PowerShell scripts or other automation scripts) developed by Contractor in connection with or in the performance of this Agreement shall remain the sole property of Contractor and shall not be deemed work product owned by the District. Contractor hereby grants the District a non-exclusive, royalty-free license to use such scripts, code, utilities, templates, or tools solely for the District's internal business purposes only

while this Agreement is in effect.

If this Agreement is terminated in accordance with the "Termination" section in the Main Body, Contractor shall deliver such documents within two weeks of receipt of a termination notice.

It is understood that Contractor's work product is prepared for this specific Agreement. Any use of such work product by the District for a different project without Contractor's written approval shall be at the District's risk. Any use by District of an incomplete work product without Contractor's written approval shall be at District's risk.

"Confidential Information" as used in this Agreement shall mean (a) information concerning the District's business, property or technology, is confidential in nature and not generally known to the public, and is disclosed by the District to Contractor in connection with the Services as they relate to the agreement; and (b) any information received from the District that may be made known to Contractor to treat as confidential or proprietary, including information designated as "Confidential" (or with some other similar legend) or identified as confidential at the time of disclosure or is of a nature that should be considered confidential based on the circumstances surrounding the disclosure.

Contractor shall not disclose any Confidential Information of the District to any third party (other than to its employees and representatives as provided for in this Agreement), and shall only use Confidential Information of the District in connection with the Services provided in this Agreement. Contractor will treat all Confidential Information with the same degree of care as it accords its own confidential information, but in no case less than reasonable care. Contractor will disclose Confidential Information only to those of its employees and representatives who need to know such information and who are bound by confidentiality obligations that are similar to those which protect the Confidential Information.

Contractor's obligations under this section shall not apply to Confidential Information that is (a) in the public domain or known in the trade at or subsequent to the time communicated to Contractor by the District through

no fault of Contractor; (b) rightfully in Contractor's possession free of any obligation of confidentiality at or subsequent to the time communicated to Contractor by the District; (c) received from a third party who rightfully disclosed it to Contractor without restriction on its subsequent disclosure; (d) developed by employees or agents of Contractor independently of and without reference to any Confidential Information communicated to Contractor by District or approved for release in writing by the District. In addition, any disclosure of any portion of Confidential Information either (i) in response to a valid order by a court or other governmental body, or (ii) otherwise required by law, shall not be considered to be a breach of this Agreement or a waiver of confidentiality for other purposes; provided, however, that, to the extent legally permissible and reasonably possible, Contractor shall provide prompt prior written notice thereof to District to enable District (at its sole expense) to seek a protective order or otherwise prevent such disclosure.

This section will remain in full force and effect until such time the Confidential Information is no longer considered by the District to be confidential. Upon the District's written request, Recipient shall, at its sole election, return or destroy all Confidential Information received under this Agreement. Notwithstanding the foregoing, nothing shall require the alteration, modification, deletion or destruction of back-up tapes or other back-up media made in the ordinary course of business, provided that said backup tapes or other back-up media shall be stored in a manner that prevents unauthorized access or use of Confidential Information.

X. EXAMINATION OF RECORDS

Contractor agrees that the District will have access to and the right to examine any directly pertinent books, documents, papers, and records of any and all transactions relating to this Agreement at any time after the inception of the Agreement upon reasonable notice.

Notwithstanding the foregoing, Contractor shall not be required to disclose or make available any information, materials, or records that constitute Contractor's trade secrets, proprietary methods, know-how, scripts, tools, or other confidential or commercially sensitive materials of Contractor.

XI. APPLICABLE LAWS

Contractor shall perform this Agreement in accordance with all applicable federal, state, and local laws and regulations. This Agreement shall be construed in accordance with California law. Venue concerning any dispute shall be in Solano County.

Contractor and any subcontractors shall comply with the provisions of Labor Code Sections 1770 et seq., if applicable.

XII. EXECUTION IN COUNTERPARTS

This Agreement may be executed in two or more counterparts, each of which together shall be deemed an original, but all of which together shall constitute one and the same instrument, it being understood that all parties need not sign the same counterpart. In the event that any signature is delivered by facsimile or electronic transmission (e.g., by e-mail delivery of a ".pdf" format data file), such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or electronic signature page were an original signature.

IN WITNESS the parties have executed this Agreement on the day first above-written.

October 22, 2025

AGENDA REPORT

TO: Board of Directors

FROM: James Russell-Field, Director of Administrative Services

SUBJECT: Adopt Resolution 2025-31, Approving the California Office of Emergency Services Designation of Applicant's Agent Resolution for Non-State Agencies (Form 130).

Recommendation: Adopt Resolution 2025-31, Approving the California Office of Emergency Services Designation of Applicant's Agent Resolution for Non-State Agencies (Form 130).

Background: In order to be eligible to obtain financial assistance through the State of California and the Federal Emergency Management Agency (FEMA) in the event of a disaster, the District must designate authorized agents with California Office of Emergency Services (CalOES) via Form OES-FPD-130 (Form 130). District positions designated on Form 130 would be able to make applications for assistance on the District's behalf. The designation is valid for three years from the date of approval.

Discussion: The District does not have a current Form 130 on file with CalOES. District staff propose the Board designate the General Manager, Director of Administrative Services, and Director of Environmental Services as the agents authorized to handle disaster aid from CalOES. If approved, the designation is effective through October 27, 2028.

The District does not have any disaster-related financial reimbursements pending. District staff are proactively submitting Form 130 to ensure eligibility in the event of a future emergency.

Fiscal Impact: There is no fiscal impact associated with submitting Form 130 to CalOES.

Attachment: 1 – Resolution No. 2025-31
2 – Form 130

FAIRFIELD-SUISUN SEWER DISTRICT
RESOLUTION NO. 2025-31

**A RESOLUTION APPROVING THE CALIFORNIA OFFICE OF EMERGENCY
SERVICES DESIGNATION OF APPLICANT'S AGENT RESOLUTION FOR
NON-STATE AGENCIES (FORM OES-FPD-130)**

WHEREAS, the Fairfield-Suisun Sewer District desires to be eligible to receive financial assistance through California Office of Emergency Services (CalOES) in the event of an emergency; and,

WHEREAS, CalOES requires a Designation of Applicant's Agent Resolution (Form 130) on file to authorize certain District representatives to act on behalf of the District in matters related to disaster assistance; and,

WHEREAS, the District does not currently have a valid Form OES-FPD-130 (Form 130) on file with CalOES.

NOW, THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE FAIRFIELD-SUISUN SEWER DISTRICT THAT:

1. The District hereby adopts the attached Form 130, designating authorized agents to act on the District's behalf with CalOES.
2. The General Manager is authorized and directed to take all steps necessary and proper to implement this resolution.

PASSED AND ADOPTED this 27th day of October 2025, by the following vote:

AYES: Directors _____

NOES: Directors _____

ABSTAIN: Directors _____

ABSENT: Directors _____

DESIGNATION OF APPLICANT'S AGENT RESOLUTION

NON-STATE AGENCIES

OES-FPD-130 (Rev. 10-2022)

Cal OES Form 130 Instructions

A Designation of Applicant's Agent Resolution for Non-State Agencies is required of all Applicants to be eligible to receive funding. A new resolution must be submitted if a previously submitted resolution is older than three (3) years from the last date of approval, is invalid, or has not been submitted.

When completing the Cal OES Form 130, Applicants should fill in the blanks on pages 1 and 2. The blanks are to be filled in as follows:

Resolution Section:

Governing Body: This is the group responsible for appointing and approving the Authorized Agents.

Examples include: Board of Directors, City Council, Board of Supervisors, Board of Education, etc.

Name of Applicant: The public entity established under the laws of the State of California.

Examples include: School District, Office of Education, City, County or Non-profit agency that has applied for the grant, such as: City of San Diego, Sacramento County, Burbank Unified School District, Napa County Office of Education, University Southern California.

Authorized Agent: These are the individuals that are authorized by the Governing Body to engage with the Federal Emergency Management Agency and the California Governor's Office of Emergency Services regarding grants for which they have applied. There are two ways of completing this section:

1. **Titles Only:** The titles of the Authorized Agents should be entered here, not their names. This allows the document to remain valid if an Authorized Agent leaves the position and is replaced by another individual. If "Titles Only" is the chosen method, this document must be accompanied by either a cover letter naming the Authorized Agents by name and title, or the Cal OES AA Names document. The supporting document can be completed by any authorized person within the Agency (e.g., administrative assistant, the Authorized Agent, secretary to the Director). It does not require the Governing Body's signature.
2. **Names and Titles:** If the Governing Body so chooses, the names **and** titles of the Authorized Agents would be listed. A new Cal OES Form 130 will be required if any of the Authorized Agents are replaced, leave the position listed on the document, or their title changes.

Checking Universal or Disaster-Specific Box: A Universal resolution is effective for all past disasters and for those declared up to three (3) years following the date of approval. Upon expiration it is no longer effective for new disasters, but it remains in effect for disasters declared prior to expiration. It remains effective until the disaster goes through closeout unless it is superseded by a newer resolution.

Governing Body Representative: These are the names and titles of the approving Board Members.

Examples include: Chairman of the Board, Director, Superintendent, etc. The names and titles **cannot** be one of the designated Authorized Agents. A minimum of three (3) approving board members must be listed. If less than three are present, meeting minutes must be attached in order to verify a quorum was met.

Certification Section:

Name and Title: This is the individual in attendance who recorded the creation and approval of this resolution.

Examples include: City Clerk, Secretary to the Board of Directors, County Clerk, etc. This person **cannot** be one of the designated Authorized Agents or Approving Board Member. If a person holds two positions (such as City Manager and Secretary to the Board) and the City Manager is to be listed as an Authorized Agent, then that person could sign the document as Secretary to the Board (not City Manager) to eliminate "Self-Certification."

Board of Directors Meeting Minutes

Date: Monday, September 22, 2025

Meeting Place: 1010 Chadbourne Road, Fairfield, California

Meeting Time: 6:00 pm

1. The meeting was called to order at 6:00 p.m. by President Jenalee Dawson, who presided over the meeting.

Roll Call – The following Board members were present: Directors Carr, Dawson, Hernandez, Pal, Panduro, Shepherd, Tonnesen, and Washington. Directors Moy and Williams were absent. No Board Alternates were present.

2. Pledge of Allegiance was led by Director Parise Shepherd.
3. Public Comments: No comments.
4. Director Comments: Director Alma Hernandez reported on the CASA Annual Conference that she attended in July, highlighting the CSRMA session regarding important lessons learned from the Sacramento Force Main issue and keynote speaker, along with involvement with the Education Foundation. President Dawson voiced, on behalf of Director Moy, concerns regarding Senate Bill 682's proposed ban on cookware containing PFAS and potential impact to local business Meyer Cookware.
5. General Manager Report – General Manager Jordan Damerel confirmed SB 682 passed through the state legislature and is awaiting the Governor's action. The District's NPDES permit renewal continues to be delayed and pushed out due to recent litigation against the Water Board. The District will continue under the old permit until the new permit is adopted. The Defense Community Infrastructure Program Grant was not awarded to the District. We are working on other external funding for the Suisun Main Force Project. County Supervisor Wanda Williams is holding a town hall meeting on sewer service in Suisun Valley in October that General Manager Damerel will attend. Finally, Coastal Clean Up was held on Sept 20 which was spearheaded by Assistant Engineer Melvin Aquino. Our community of volunteers picked up an estimated 14,460 pounds of trash at 17 locations throughout City of Fairfield and Suisun City.
6. Awards and Presentations:
 - (a) Receive National Association of Clean Water Agencies Peak Platinum 11 Award
 - (b) Receive California Association of Sanitation Agencies Excellence in Public Outreach/Education Award

General Manager Jordan Damerel and Director of Environmental Services Meg Herston, respectively, showcased the District's recent awards to the Board of Directors. Meg Herston shared a video presentation.

7. Consent Calendar:

- (a) Adopt Resolution No. 2025-28 Approving Amendment No. 1 to the Solano Stormwater Alliance Agreement
- (b) Approve Board Minutes of July 28, 2025

No Comments.

Upon motion by Director Pal, seconded by Director Hernandez, Action Items No. 7a and 7b were passed by the following vote:

AYES: Carr, Dawson, Hernandez, Pal, Panduro, Shepherd, Tonnesen, Washington

NOES: None

ABSTAIN: None

ABSENT: Moy, Williams

8. Action Item:

- (a) Adopt Resolution No. 2025-29 Adopting a Revised Pay Rate Schedule

Human Resources Manager Kim Kraft presented to the Board the Compensation Study Report, salary adjustment recommendations and updated Pay Rate Schedule.

Upon motion by Director Hernandez, seconded by Director Shepherd, Action Item No. 8a was passed by the following vote:

AYES: Carr, Dawson, Hernandez, Pal, Panduro, Shepherd, Tonnesen, Washington

NOES: None

ABSTAIN: None

ABSENT: Moy, Williams

9. Discussion Item:

- (a) Presentation on Utilities Profile and Cost Saving Measures

Director of Operations and Maintenance Doug Hollowell presented key insights into energy usage and sustainability strategies, going over current energy consumptions and renewable energy assets. Cost saving measures include reducing costs through administrative controls, energy efficiency operational changes, and capital improvement and master planning.

10. Information Item:

- (a) Board Calendar

No comments.

The meeting adjourned at 6:56 pm.

Respectfully submitted,

President

October 22, 2025

AGENDA REPORT

TO: Board of Directors

FROM: Jordan Damerel, General Manager

SUBJECT: Review of Entitlement Application for Suisun Expansion Plan

Recommendation: Adopt Resolution No. 2025-32, authorizing the General Manager to award professional services contracts, as required, to support review of the Suisun Expansion Project (SEP) entitlement applications, recently submitted to Suisun City by California Forever, LLP.

Background: On Friday, October 3, 2025, California Forever, LLP (CF) submitted entitlement applications for the Suisun Expansion Plan to the City of Suisun City, which included a General Plan Amendment, Specific Plan, Area Plan, and Vesting Tentative Subdivision Map. The application package was deemed to be complete by Suisun City the following week. The applications include high-level details on the proposed wastewater collection and treatment facilities for the new community. CF also proposes a water recycling program and a widespread network of non-potable recycled water distribution pipes.

Per the District's Enabling Act, Section 1, "*The Fairfield-Suisun Sewer District is hereby created to consist of the territory in Solano County now contained within the Cities of Fairfield and Suisun City. Any territory hereafter annexed to either city shall be a part of the district upon annexation.*" Given that the annexation would approximately double the population of the District's service area, the District must review the application package and provide specific feedback and questions with the goal of ensuring that existing District customers, and all property within the District's service area, are protected against potential impacts of the proposed development, and that the costs of the proposed development are borne solely by the development.

Discussion: It is common for the District to engage with both Fairfield and Suisun City's proposed developers at the planning application stage of a development, to ensure that there is adequate conveyance and treatment capacity for the development; the proposed development is consistent with the District's standards and industry best practices; and to

Review of Entitlement Application for Suisun Expansion Plan

October 22, 2025

Page 2 of 2

be transparent about the conditions and fees that will be imposed on the development. Given the magnitude of the Suisun Expansion Plan, the innovative approaches that are proposed, and the lack of clarity over utility governance, staff recommend the District augment its review with consulting expertise. This expertise includes, but may not be limited to: technical engineering evaluation; hydraulic modeling; permitting responsibilities and impacts; financial and organizational structure evaluation; legal and technical support on the entitlement, California Environmental Quality Act (CEQA), and Local Area Formation Commission (LAFCO) processes; and related topics.

Prior to submission of the entitlement application, the District provided a letter to Suisun City outlining the District's expectations for CF and the Suisun Expansion Plan (see Attachment 1). In this letter, the District outlined its expectations to enter into a reimbursement agreement with CF to cover the cost of reviewing, advising, and establishing conditions that would require an effective, efficient, and sustainable wastewater operation for the proposed development. At this time, neither the City nor CF have formally responded to the District's request. The District will seek to recover the cost of this and future reviews through a reimbursement agreement with CF; however, staff recommend that the Board authorize these initial review expenses now so that the District can provide a comprehensive set of completeness-related comments to the applicant so sufficient information is provided to ensure the District's interests are considered in the plan.

Due to the timing of the submission of the entitlement applications and the relatively short turn-around time to provide comments to Suisun City, staff have initiated a review of qualifications and a selection process for both technical and legal consultants, but do not yet have a specific recommendation for award. Because comments on the entitlement applications will be due prior to the next scheduled Board of Directors meeting, staff requests that the Board of Directors authorize the General Manager to award professional services contracts to support the planning application review, not to exceed \$50,000 in total value.

Fiscal Impact: The initial evaluation is expected to cost no more than \$50,000, to be paid from the District's Fund 2 (Sewer Capacity Fund). It is anticipated that future steps in the development entitlement and permitting process will require additional technical support, but the District will seek a reimbursement agreement with CF to ensure that these costs are borne by the developer. Further activity will be brought to the Board for approval.

Suisun City, CA 94585
VIA EMAIL to jbermudez@suisun.com

RE: Evaluation of Municipal Sewer Service for the Potential California Forever
Annexation to Suisun City

Dear Mr. Bermudez:

Thank you for the opportunity to meet earlier this month to discuss the potential annexation of the project known as California Forever into Suisun City. The Fairfield-Suisun Sewer District's (District's) Enabling Act (Fairfield-Suisun Sewer District Act, Chapter 303 of the Statutes of 1951, as amended) mandates that any territory annexed to either the City of Fairfield or the City of Suisun City become a part of the District upon annexation. As such, the District has an interest in gaining an understanding of potential annexations and evaluating our capacity to serve such annexations while protecting the interests of current customers and property owners within the District.

While no formal application or reference materials have been submitted to the District for review, estimates for a population of approximately 150,000 and a size of approximately 8,000 acres have been discussed as the scale of the initial California Forever annexation. Subsequent annexations may ultimately increase the project to an area of approximately 14,000 acres. The scale of this proposal could more than double the District's service population and substantially alter the District's infrastructure, operations, and organizational structure.

The District conducts long-term planning across its service area to ensure that its facilities are designed and constructed to accommodate buildup growth and minimize lifecycle operation, maintenance, and rehabilitation/reconstruction costs. To facilitate effective collaboration and planning, the District requires that proposals to expand its service area be thoughtfully prepared and consider all potential alternatives to meet State regulatory requirements and mitigate potential impacts to current property owners within the District.

The City and/or project proponent(s) are hereby requested to engage a qualified engineering firm to conduct a study that would define the expanded service area and determine the feasibility of providing municipal sewer service under various alternatives. The study should include, but not necessarily be limited to:

1. A map and list of land uses within the area ultimately intended for annexation, or beyond, for which extension of public sewer service could foreseeably be requested. The list should contain data about the existing, planned, and potential future land uses and densities, acreage, and intended phasing/timing of development.
2. Alternatives for sewer infrastructure improvements necessary to provide service to the areas described above. The alternatives may include, but not be limited to:
 - a. Extension and expansion of existing District facilities to connect the prospective area of annexation.
 - b. Construction of new collection and treatment and/or water recycling facilities to serve the prospective area of annexation.
 - c. Combinations of alternatives (a.) and (b.) above.

The alternatives shall be developed to identify key design parameters (flow, strength, capacity/size, process description, location, alignment, etc.) and constraints (topographic features, utility conflicts, right-of-way, environmental, permitting, regulatory, etc.). The alternatives shall also be developed to accommodate significant phasing/timing milestones of development.

Additionally, the development of alternatives shall consider principles of asset management, including risk mitigation, ability to take components and systems offline for service, repair, and replacement, and effects of component or system failure under design capacity conditions. A tabulation of routine operation and maintenance activities, activities to mitigate and respond to system vulnerabilities, and alternatives for end-of-service life reconstruction, rehabilitation, and replacement shall also be included for each alternative.

To the extent feasible, the District's *Pump Station and Collection System Design Standards* shall be utilized to support the conceptual design development of alternatives. The *Design Standards* are updated periodically and the project proponent will be responsible for complying with the latest published standards.

3. A narrative description of the wastewater regulatory structure for any new proposed treatment, discharge, or recycling facilities under each alternative. The narrative should address, for example, National Pollutant Discharge Elimination System

(NPDES) discharge requirements from any wastewater treatment facilities, the level of treatment required for any proposed recycled water uses (tertiary, indirect potable reuse, direct potable reuse), etc.

4. A cost evaluation of the potential improvements under each alternative and phase, including:
 - a. Capital design and construction costs.
 - b. Lifecycle costs, including but not limited to operation and maintenance staffing, contract services, energy, and consumables necessary for routine operation and maintenance, major equipment repair/replacement, and end-of-service reconstruction/rehabilitation/replacement.

The City or project proponent shall enter into a reimbursement agreement with the District to cover District's costs associated with review of the study. The District may engage third party consultants to assist in review of the study. Consultant selection and contracting will be at the District's sole discretion. The reimbursement agreement shall cover District's costs in selection, contracting, and administration of consultant contracts as well as direct expenses. A deposit shall be made by City or project proponent to cover District's costs in advance, and the deposit shall be replenished upon notice by the District.

Under the reimbursement agreement, the District will review the study for completeness, technical accuracy, adequacy of assumptions, potential impacts to existing facilities and/or rate structure, and other considerations that may be identified during the course of the study. Upon completion of the study, the District, in collaboration with the City and project proponent will select a preferred alternative. Requirements necessary to implement the preferred alternative will then be incorporated into Terms and Conditions of Annexation, Conditions of Approval, and other project entitlement documents written by the District.

These requirements may include, but not be limited to:

1. Developer self-funding and self-performing design and construction of capital infrastructure improvements required to provide service to the project for review, inspection, and acceptance by District. If the preferred alternative includes major pumping, treatment, and/or water recycling facilities, the District may propose to lead some of the design efforts.

Mr. Jim Bermudez

Evaluation of Municipal Sewer Service for the Potential California Forever Annexation

September 29, 2025

Page 4 of 4

2. Entering into an improvement agreement with the District and posting appropriate bonds for the construction of public sanitary sewer and/or recycled water facilities.
3. Establishment of an Assessment District, Community Facilities District, or similar, to fund lifecycle costs for infrastructure to be accepted, operated, and maintained by District.
4. Territory shall be subject to the jurisdiction of the District and all rates, charges, rules, regulations, and ordinances of the District.
5. No changes in the facilities to be constructed and/or connected to District's system shall be made without notice to and approval by District.
6. Elimination of privately-owned sewage disposal systems to Solano County Department of Resource Management requirements.
7. Dedications of easements and real property to District.

The District is prepared to provide data, standards, and guidance to support the City and project proponent's efforts, and will welcome an opportunity to participate in development of the study.

The District is committed to continued collaboration with the City to help evaluate options. This is best achieved with a common understanding of future plans so both of our agencies can be aligned in our efforts.

Regards,

Jordan Damerel, P.E.

General Manager/District Engineer

FAIRFIELD-SUISUN SEWER DISTRICT
RESOLUTION NO. 2025-32

A RESOLUTION AUTHORIZING THE GENERAL MANAGER TO AWARD PROFESSIONAL SERVICES CONTRACTS TO SUPPORT REVIEW OF THE SUISUN EXPANSION PLAN ENTITLEMENT APPLICATIONS

WHEREAS, the City of Suisun City is exploring annexation and has received an entitlement application package from California Forever, LLP, for the Suisun Expansion Plan; and,

WHEREAS, the Enabling Act of the Fairfield-Suisun Sewer District requires all territory annexed into Fairfield or Suisun City to also become part of the District; and,

WHEREAS, the Fairfield-Suisun Sewer District must review the wastewater provisions outlined in the entitlement application package to ensure that all District customers, and all property within the District's service area, are protected against potential impacts from the proposed development; and,

WHEREAS, given the magnitude of the Suisun Expansion Plan, the innovative approaches that are proposed, and the lack of clarity over utility governance, the District wishes to augment its review with professional services support.

NOW, THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE FAIRFIELD-SUISUN SEWER DISTRICT THAT:

1. The District hereby authorizes the General Manager to award professional services contracts to support the review of the Suisun Expansion Project entitlement application package, in a total amount not to exceed \$50,000.
2. The General Manager is authorized and directed to take all steps necessary and proper to implement this resolution.

October 22, 2025

AGENDA REPORT

TO: Board of Directors

FROM: James Russell-Field, Director of Administrative Services

SUBJECT: Adopt Resolution 2025-33, A Resolution of the Board of Directors of the Fairfield-Suisun Sewer District Declaring Its Intent to Reimburse Certain Capital Expenditures from the Proceeds of Indebtedness for the Suisun Force Main Project

Recommendation: Adopt Resolution 2025-33, A Resolution of the Board of Directors of the Fairfield-Suisun Sewer District Declaring Its Intent to Reimburse Certain Capital Expenditures from the Proceeds of Indebtedness for the Suisun Force Main Project.

Background: Work is currently underway for the Suisun Force Main Rehabilitation Project, a public safety facilities project that will be essential for the District to deliver efficient and safe services to the community. The Suisun Force Main Rehabilitation Project is currently estimated at \$53.4 million, which would be the District's largest capital investment since the wastewater treatment plant expansion projects in the mid-2000s. Given the project's cost and multi-generational impact, the District is pursuing external funding options of grants, loans, and bonds to finance the project.

The District is currently working a municipal advisor, NHA Advisors, on navigating a financing plan. The current drafts of the plan involve a mix of Water Infrastructure Finance and Innovation Act (WIFIA) and bond proceeds.

To incur obligations that are tax-exempt, which provides the lowest cost of borrowing to the District, the District needs to comply with certain IRS requirements. The IRS allows a bond issuer to use the proceeds of its bond issuance to reimburse expenditures made prior to the time bonds are issued, but only so long as the District expresses an intent to do so prior to the actual issuance.

Discussion: A reimbursement resolution is the required expression of intent and is needed if the District wants to use proceeds of tax-exempt obligations to reimburse itself for costs it actually pays from reserves prior to the issuance of the obligations. The District can then use the tax-exempt proceeds to reimburse itself for costs of the project paid up to 60 days prior to the date the resolution is adopted, subject to certain limitations, the main one being:

Adopt Resolution 2025-33, A Resolution of the Board of Directors of the Fairfield-Suisun Sewer District Declaring Its Intent to Reimburse Certain Capital Expenditures from the Proceeds of Indebtedness for the Suisun Force Main Project

October 22, 2025

Page 2 of 2

reimbursement (bond issuance) must occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date on which the project is placed in service, but in no event more than 3 years after the expenditure was paid. No reimbursement resolution is required for reimbursement of soft costs (with a 20% limit for soft costs older than 60 days prior to the resolution)

Because the District is currently incurring design costs for the Suisun Force Main Rehabilitation Project and is paying for those costs from reserves, the District has been advised by its municipal advisor that the District Board should adopt a resolution indicating the District's intent to reimburse itself from proceeds of the proposed tax-exempt obligations, should the District move forward with issuing tax-exempt debt. The proposed resolution meets the IRS requirement enabling the reimbursement for prior expenditures.

Fiscal Impact: There is no fiscal impact of this action. Adoption of a reimbursement resolution does not obligate the District to issue debt, and there is no consequence to the District if the obligations are ultimately not issued.

Attachment: Resolution No. 2025-33

FAIRFIELD-SUISUN SEWER DISTRICT
RESOLUTION NO. 2025-33

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE FAIRFIELD-SUISUN
SEWER DISTRICT DECLARING THE INTENT OF THE DISTRICT TO BE REIMBURSED
FOR CERTAIN CAPITAL EXPENDITURES FROM THE PROCEEDS OF INDEBTEDNESS
FOR THE SUISUN FORCE MAIN PROJECT**

WHEREAS, the Fairfield-Suisun Sewer District (the "District") intends to construct force main improvement project and an electrical components replacement and rehabilitation project, that will facilitate the District performing an essential governmental function (the "Project"); and

WHEREAS, the District will pay certain Capital Expenditures in connection with the Project (the "Expenditures") prior to the issuance of one or more series of tax-exempt obligations in the expected approximate principal amount of \$46 million (the "Indebtedness") for the purpose of financing costs associated with the Project; and

WHEREAS, the District reasonably expects that certain of the proceeds of the Indebtedness will be used to reimburse the District for the Expenditures; and

WHEREAS, Section 1.150-2 of the Treasury Regulations requires the District to declare its reasonable official intent to be reimbursed for prior Capital Expenditures made for the Project with proceeds of a subsequent borrowing.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE FAIRFIELD-SUISUN SEWER DISTRICT THAT:

1. The District finds and determines that the foregoing recitals are true and correct.
2. This declaration is made solely for purpose of establishing compliance with the requirements of Section 1.150-2 of the Treasury Regulations, and does not bind the District to make any expenditure, incur any indebtedness, or proceed with the Project.
3. The District declares its official intent to use proceeds of the Indebtedness to reimburse itself for Expenditures made on or after the date which is no more than 60 days prior to the date of adoption of this Resolution.
4. The District will make a reimbursement allocation, which is a written allocation by the District that evidences the District's use of proceeds of the Indebtedness to reimburse itself for an Expenditure, no later than eighteen (18) months after the later of the date on which the expenditure is paid or the Project is placed in service or abandoned, but in no event more than three years after the date on which the Expenditure is paid.

5. The District recognizes that exceptions are also available under the Treasury Regulations for certain "preliminary expenditures," costs of issuance, certain de minimis amounts, expenditures by "small issuers" (based on the year of issuance and not the year of expenditure) and expenditures for construction projects of at least five (5) years.
6. This Resolution shall take effect upon its adoption by this Board of Directors.
7. The General Manager is authorized and directed to take all steps necessary and proper to implement this resolution.

October 22, 2025

AGENDA REPORT

TO: Board of Directors
FROM: Jordan Damerel, General Manager
SUBJECT: Fairfield-Suisun Stormwater Program Overview

Recommendation: Receive presentation and provide direction to staff.

Background: In addition to the collection, treatment, and discharge of wastewater from the cities of Fairfield and Suisun City, the District also plays a central role in the management of stormwater—directing the rain water that falls within the cities to storm drains, pump stations, drainage channels, and creeks in a way that reduces the risk of flooding within the community and reduces the contamination carried by the stormwater into Suisun Marsh and San Francisco Bay.

In 1987, Fairfield and Suisun City recognized that operating entirely independent stormwater management systems was unsustainable. While Fairfield had the larger population and the larger land area, much of the drainage from Fairfield passed through Suisun City on its way to Suisun Marsh, leading to silt and trash accumulation in Suisun City. The cities commissioned a Drainage Maintenance Feasibility Study, which determined that the District was the agency best poised to lead a joint Fairfield-Suisun Stormwater Program. Subsequently, a Drainage Maintenance Agreement was signed between Fairfield, Suisun City, and the District in 1988.

The Drainage Maintenance Agreement required the District to serve as the Lead Agency for environmental permitting and regulatory compliance, and as the collector and distributor of Drainage Maintenance funds. The District was also designated as the operator/maintainer of stormwater pumping stations. The cities maintained ownership of all facilities and were responsible for all capital improvements to the infrastructure.

From a regulatory perspective, the cities, as infrastructure owners, are listed permittees under the San Francisco Bay Regional Water Quality Control Board's (Water Board's)

Fairfield-Suisun Stormwater Program Overview

October 22, 2025

Page 2 of 2

Municipal Regional Stormwater. NPDES Permit (commonly referred to as the MRP), along with the City of Vallejo and the Vallejo Flood and Wastewater District (collectively, the Solano Stormwater Alliance). FSSD provides programmatic oversight of the Solano Stormwater Alliance's compliance with the MRP.

Discussion: With the passage of California Proposition 218, the "Right to Vote on Taxes Act," in 1996, the California Constitution was amended to outline the rules and procedures for setting taxes, fees, and utility rates. For wastewater, drinking water, and solid waste disposal services, governing bodies can implement a rate that reflects the actual costs of providing the service so long as a written protest is not received from the majority of property owners prior to the close of a public hearing. For stormwater services and other property-related fees and charges, Proposition 218 requires an election of either the affected property owners or the electorate residing in the affected area. The Fairfield-Suisun Stormwater Program has never conducted an election, and therefore, stormwater rates for Fairfield and Suisun City have not increased since 1996.

As a result, the total revenue for the program has remained nearly flat, while costs have significantly increased due to aging infrastructure, inflation, and failures. Current costs are:

- Residential (single family to four-plex): \$20.23 per parcel per year
- Multiple family and institutional: \$250.51 per acre per year
- Commercial and industrial: \$313.14 per acre per year
- Undeveloped: \$1.06 per acre (or portion thereof) per year

Staff have prepared a presentation to provide the Board with an overview of the stormwater program, roles and responsibilities, financial information, and the long-term challenges that are anticipated with the current level of funding. Staff will also provide some examples of recent stormwater election results in neighboring communities.

Fiscal Impact: There are no changes to the program recommended at this time, and therefore no fiscal impact. The fiscal impact of potential solutions will be assessed at a future date and brought to the Board for discussion.

- Market Update
- Account Summary
- Portfolio Review

Market Update

Current Market Themes

- ▶ U.S. economy has been resilient but a cooling labor market presents risk
 - ▶ Net new job creation neared zero as employers follow a “no hire, no fire” approach
 - ▶ Inflation accelerated but Fed expects further price pressures to be short-lived
 - ▶ Uncertainty eased as tariff and fiscal announcements were digested

- ▶ Fed cut rates for the first time in 2025
 - ▶ Fed Chair Powell acknowledged the difficulty in balancing the risks affecting labor markets and inflation, but noted risks to the labor market were the Fed's focus
 - ▶ The Fed's September “dot plot” signals 50 bps in additional cuts for 2025, though views remain split, with 7 members favoring no additional cuts in 2025

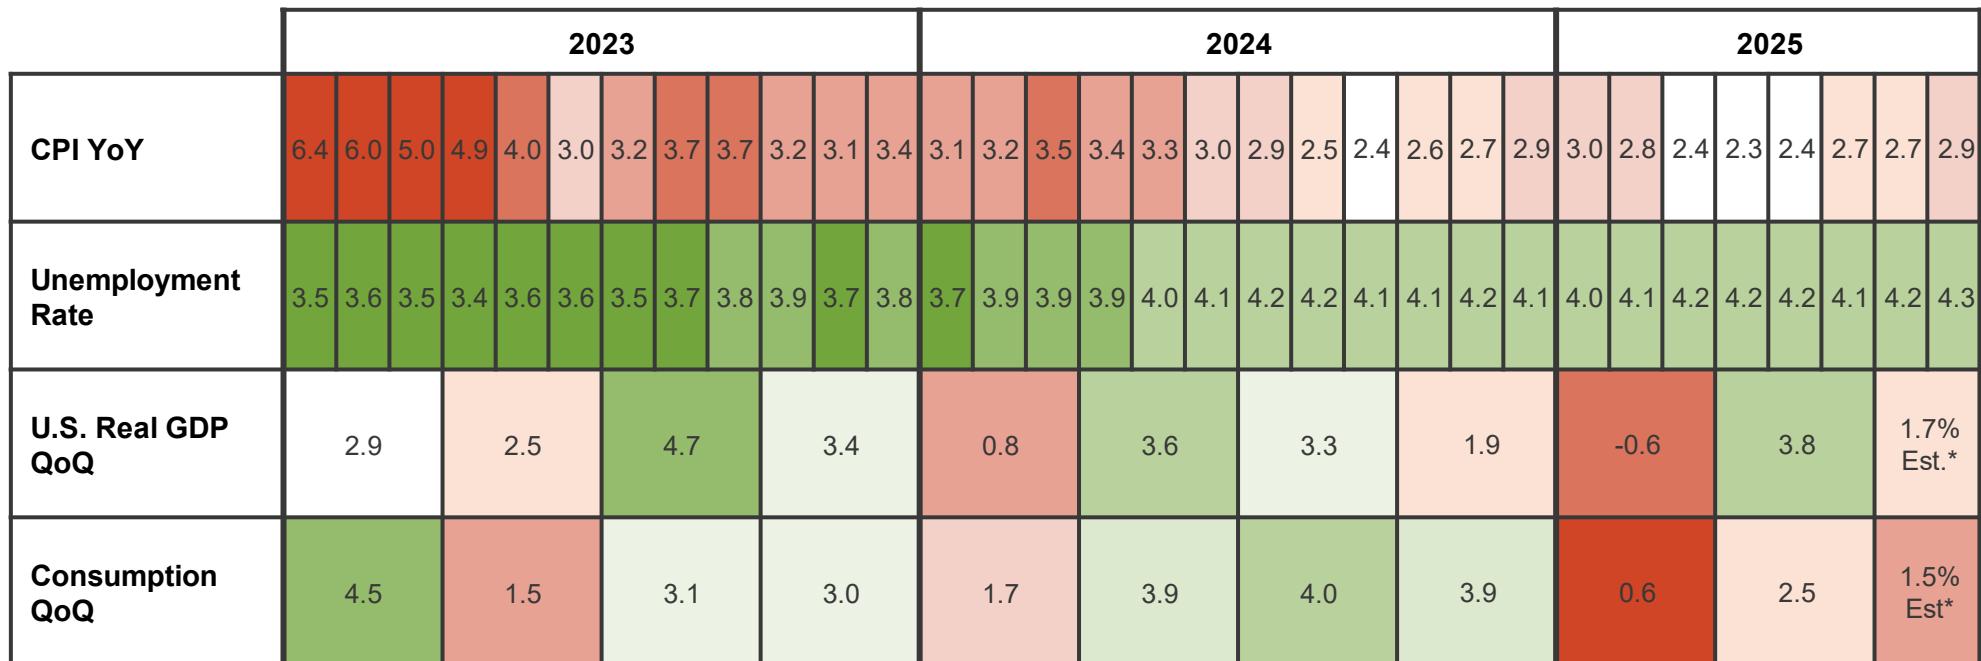

- ▶ Treasury yields moved lower across the curve in Q3
 - ▶ Front end Treasury yields moved lower on Fed rate cut expectations
 - ▶ Yields settled into a narrow trading range as market volatility eased
 - ▶ Credit spreads continued to tighten and neared historically narrow levels

The Fed's Dual Mandate Remains Complicated

Fed Chair Powell: "Labor demand has softened, and the recent pace of job creation appears to be running below the break-even rate needed to hold the unemployment rate constant."

Source: FOMC Chair Jerome Powell Press Conference, September 17, 2025. Bureau of Labor Statistics, and Bloomberg Finance L.P., as of August 2025. Data is seasonally adjusted. Survey responses after September 26, 2025, included in mean and forecast range.

Economic Uncertainty Challenges Outlook

Negative

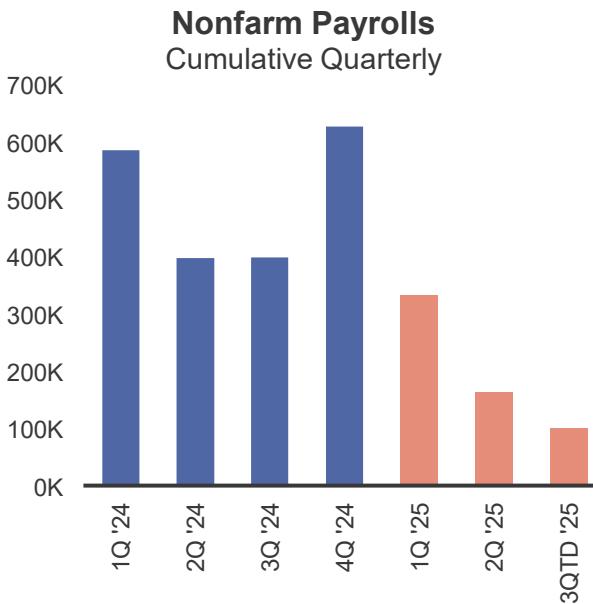

- ▶ Net new job creation nears zero
- ▶ Sticky services inflation
- ▶ Increasing retail credit card balances
- ▶ Rising student loan delinquencies
- ▶ Planned federal spending cuts

Neutral

- ▶ Slower tariff-based inflation passthrough
- ▶ Stabilizing credit card delinquencies
- ▶ Corporate fundamentals

Positive

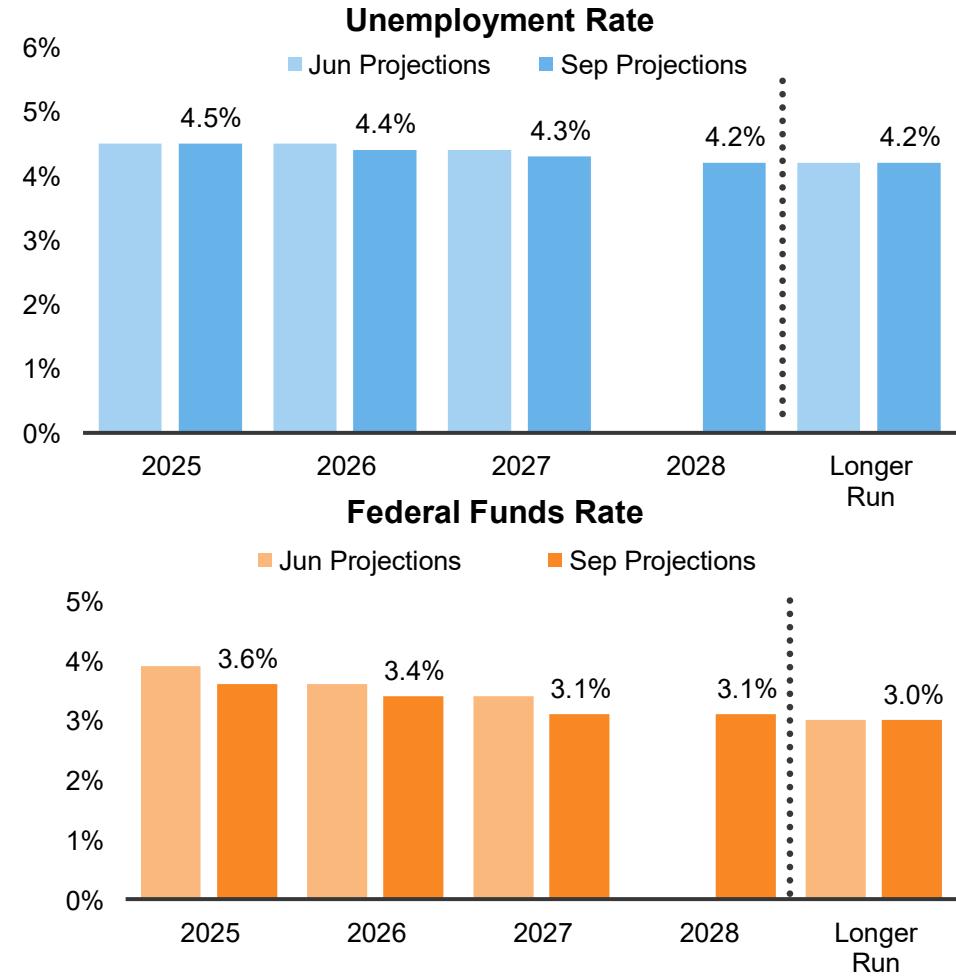

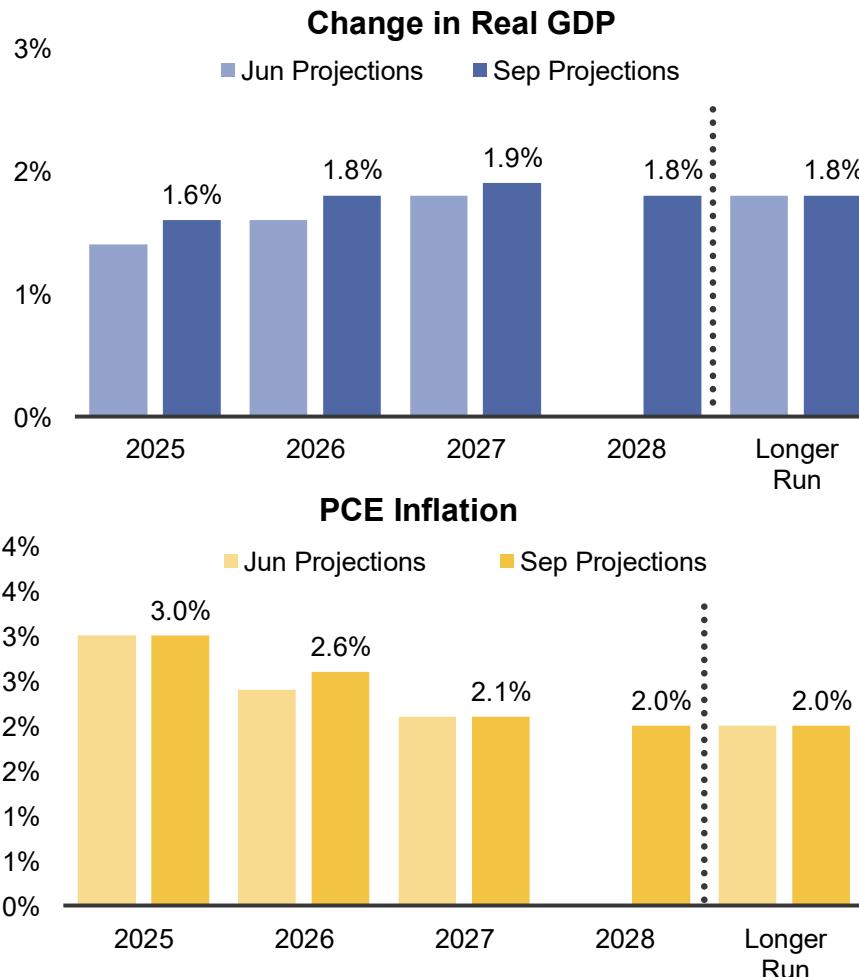

- ▶ Easing Fed Policy
- ▶ Resilient consumer spending
- ▶ Positive real disposable personal income growth
- ▶ Fiscal tailwinds to business investment

Fixed – Income Sector Outlook – 4Q 2025

Current outlook

Outlook one quarter ago

Fixed-Income Sector Commentary – 3Q 2025

- ▶ **The Federal Open Market Committee (FOMC)** lowered the target range for the federal funds rate to 4.00-4.25% during the September 17th meeting, citing weakening in the labor market.
- ▶ **U.S. Treasury** yields across all maturities moved lower over the quarter. The change in yields reflected ongoing market sensitivity to the Fed, with concerns regarding the labor market taking center stage amid ongoing weakness. As a result of the Treasury rally, total returns were positive for the quarter.
- ▶ **Federal Agency & supranational** spreads remained low and traded in a narrow range throughout Q3. Excess returns remained muted in part due to limited issuance, which is a trend we expect to continue.
- ▶ **Investment-Grade (IG) corporate** bonds generated strong excess returns as spreads narrowed to multi-year lows across most maturities. Lower-quality and longer-duration bonds led performance, supported by strong investor demand.
- ▶ **Asset-Backed Securities** spreads tightened but remain modestly elevated versus 12-month lows. While excess returns were positive, they lagged those of IG corporates. Auto loan collateral modestly outperformed credit card-backed securities.
- ▶ **Agency-backed mortgage-backed securities (MBS)** delivered solid performance with positive excess returns across the board. Longer-duration MBS stood out as a top-performing IG sector in Q3. **Agency-backed commercial MBS (CMBS)** also posted positive excess returns for the quarter.
- ▶ **Short-term credit** (commercial paper and negotiable bank CDs) yields declined as Treasury issuance surged and the Fed cut rates. Short-end yield spreads widened over the quarter and demand remained strong as investors viewed the sector as a hedge against future rate cuts.

The views expressed within this material constitute the perspective and judgment of PFM Asset Management at the time of distribution (09/30/2025) and are subject to change. Information is obtained from sources generally believed to be reliable and available to the public; however, PFM Asset Management cannot guarantee its accuracy, completeness, or suitability.

Fixed-Income Sector Outlook – 4Q 2025

- ▶ **U.S. Treasury** volatility is expected to increase from multi-year lows given both fiscal and monetary policy uncertainty. The potential collective impact of further policy changes on economic growth, inflation, and labor markets are unknown. We expect to see an ongoing steepening of the yield curve given the expectation for future Fed rate cuts.
- ▶ **Federal Agency & Supranational** spreads are likely to remain at tight levels. Government-heavy accounts may find occasional value on an issue-by-issue basis.
- ▶ **Taxable Municipals** continue to see little activity due to an ongoing lack of supply and strong demand which continues to suppress yields in both the new issue and secondary markets. We expect few opportunities in the near term.
- ▶ **Investment-Grade (IG) Corporate** bond fundamentals and valuations weakened while technicals have improved modestly. We will evaluate opportunities with a focus on industry fundamentals and issuer credit quality while identifying rich holdings to tactically reduce allocations.
- ▶ **Asset-Backed Securities** fundamentals remain intact and credit metrics have normalized. Consumer credit trends will depend on the labor market and the consumer's response to monetary policy easing, which tends to work on a lag. We expect spreads to continue to exhibit volatility with a bias towards widening, while low issuance in Q4 will support technicals in the sector.
- ▶ **Mortgage-Backed Securities** are expected to underperform over the short term with spreads at their narrowest levels in 3-years. We may use any meaningful spread widening to add at more attractive levels.
- ▶ **Short-term credit** (commercial paper and negotiable bank CDs) spreads in Q4 will continue to be primarily driven by expectations about monetary policy decisions by the FOMC. Given the positively sloped shape of the money market yield curve, we favor a mix of floating rate securities in the front end and fixed rate securities in longer maturities.

The views expressed within this material constitute the perspective and judgment of PFM Asset Management at the time of distribution (09/30/2025) and are subject to change. Information is obtained from sources generally believed to be reliable and available to the public; however, PFM Asset Management cannot guarantee its accuracy, completeness, or suitability.

Factors to Consider for 6-12 Months

Monetary Policy (Global):

- The Fed cut rates by 25 bps in September citing rising downside risks to employment despite inflation remaining above its 2% target. This was the Fed's first rate cut since December 2024.
- The "dot plot" signals 50 bps in additional cuts for 2025, though views remain split, with 7 members favoring no additional cuts in 2025.
- Major central banks have already eased (ECB and BOE) or are in the process of further easing (U.S. and Canada) except for the BOJ slowly tightening policy after decades of easy monetary policy.

Financial Conditions (U.S.):

- Financial conditions eased as tariff announcements were digested. This sparked renewed market confidence which resulted in equities reaching new all-time highs and credit spreads tightening to historically narrow levels.
- Fiscal uncertainty and geopolitical risks could reintroduce tighter financial conditions over the next 6-12 months.

Economic Growth (Global):

- U.S. growth continues to be resilient driven by an unwind of the trade and inventory dynamics earlier in the year as well as robust consumer spending and elevated business investment.
- Consumer spending and business investment remain strong despite growing softness in the labor market.
- Trade tensions, elevated tariffs and a prolonged U.S. government shutdown remain key downside risks to growth, while AI driven investment and fiscal support in some regions provide partial offsets.

Consumer Spending (U.S.):

- Slower nominal wage growth combined with higher inflation has eroded real purchasing power.
- However, consumer activity remained resilient, driven by spending from higher income households.
- Consumer confidence improved slightly but remains below historical averages, reflecting concerns over slower hiring and inflation persistence.
- Further labor market softness, a significant correction in the equity market or more complete pass-through of tariffs into consumer prices remain the largest threats to consumer spending.

Inflation (U.S.):

Inflation accelerated in Q3 led by rising goods prices and sticky services costs, keeping core inflation closer to 3% well above the Fed's 2% target.

- Fed projections show a longer timeline for inflation to reach its 2% target.
- Fed Chair Powell noted tariffs have begun to push up goods prices in some categories, but the base case is for these effects to be short-lived.

Labor Markets (U.S.):

- Labor market conditions continued to cool with net new job creation nearing zero while being concentrated in just a few service sectors.
- Despite some signs of cooling, the layoff rate remains low and points towards employers adopting what has been characterized as a "no hire, no fire" approach.
- The unemployment rate ticked up modestly, job openings declined further, and the quits rate remain subdued, signaling reduced worker leverage.
- Initial jobless claims remain low, but longer job search durations suggest labor market conditions continue to loosen.

1. Yield at market, yield on cost, and portfolio duration only include investments held within the separately managed account(s), excludes balances invested in overnight funds.

2. The current 7-day yield is the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical fund account with a balance of one share over the seven-day base period including the statement date, expressed as a percentage of the value of one share (normally \$1.00 per share) at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by 365 and dividing the result by 7. The yields quoted should not be considered a representation of the yield of the fund in the future, since the yield is not fixed.

Important Disclosures

This material is for general information purposes only and is not intended to provide specific advice or a specific recommendation, as it was prepared without regard to any specific objectives or financial circumstances.

PFMAM professionals have exercised reasonable professional care in the preparation of this performance report. Information in this report is obtained from sources external to PFMAM and is generally believed to be reliable and available to the public; however, we cannot guarantee its accuracy, completeness or suitability. We rely on the client's custodian for security holdings and market values. Transaction dates reported by the custodian may differ from money manager statements. While efforts are made to ensure the data contained herein is accurate and complete, we disclaim all responsibility for any errors that may occur. References to particular issuers are for illustrative purposes only and are not intended to be recommendations or advice regarding such issuers. Fixed income manager and index characteristics are gathered from external sources. When average credit quality is not available, it is estimated by taking the market value weights of individual credit tiers on the portion of the strategy rated by a NRSRO.

It is not possible to invest directly in an index. The index returns shown throughout this material do not represent the results of actual trading of investor assets. Third-party providers maintain the indices shown and calculate the index levels and performance shown or discussed. Index returns do not reflect payment of any sales charges or fees an investor would pay to purchase the securities they represent. The imposition of these fees and charges would cause investment performance to be lower than the performance shown.

The views expressed within this material constitute the perspective and judgment of PFMAM at the time of distribution and are subject to change. Any forecast, projection, or prediction of the market, the economy, economic trends, and equity or fixed-income markets are based upon certain assumptions and current opinion as of the date of issue and are also subject to change. Some, but not all assumptions are noted in the report. Assumptions may or may not be proven correct as actual events occur, and results may depend on events outside of your or our control. Changes in assumptions may have a material effect on results. Opinions and data presented are not necessarily indicative of future events or expected performance.

PFM Asset Management serves clients in the public sector and is a division of U.S. Bancorp Asset Management, Inc., which is the legal entity providing investment advisory services. U.S. Bancorp Asset Management, Inc. is a registered investment adviser, a direct subsidiary of U.S. Bank N.A. and an indirect subsidiary of U.S. Bancorp. U.S. Bank N.A. is not responsible for and does not guarantee the products, services, or performance of U.S. Bancorp Asset Management, Inc. The information contained is not an offer to purchase or sell any securities. Additional applicable regulatory information is available upon request.

For more information regarding PFMAM's services or entities, please visit www.pfmam.com.

Further distribution is not permitted without prior written consent.

Important Disclosures

- This information is for institutional investor use only, not for further distribution to retail investors, and does not represent an offer to sell or a solicitation of an offer to buy or sell any fund or other security. Investors should consider the Trust's investment objectives, risks, charges and expenses before investing in the Trust. This and other information about the Trust is available in the Trust's current Information Statement, which should be read carefully before investing. A copy of the Trust's Information Statement may be obtained by calling 1-800-729-7665 or is available on the Trust's website at www.camponline.com. While the Cash Reserve Portfolio seeks to maintain a stable net asset value of \$1.00 per share and the CAMP Term Portfolio seeks to achieve a net asset value of \$1.00 per share at the stated maturity, it is possible to lose money investing in the Trust. An investment in the Trust is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Shares of the Trust are distributed by U.S. Bancorp Investments, Inc., member FINRA (www.finra.org) and SIPC (www.sipc.org). PFM Asset Management is a division of U.S. Bancorp Asset Management, Inc., which serves as administrator and investment adviser to the Trust. U.S. Bancorp Asset Management, Inc. is a direct subsidiary of U.S. Bank N.A. and an indirect subsidiary of U.S. Bancorp. U.S. Bancorp Investments, Inc. is a subsidiary of U.S. Bancorp and affiliate of U.S. Bank N.A.
- Generally, PFMAM's market prices are derived from closing bid prices as of the last business day of the month as supplied by ICE Data Services. There may be differences in the values shown for investments due to accrued but uncollected income and the use of differing valuation sources and methods. Non-negotiable FDIC-insured bank certificates of deposit are priced at par. Although PFMAM believes the prices to be reliable, the values of the securities may not represent the prices at which the securities could have been bought or sold. Explanation of the valuation methods for a registered investment company or local government investment program is contained in the appropriate fund offering documentation or information statement.
- In accordance with generally accepted accounting principles, information is presented on a trade date basis; forward settling purchases are included in the monthly balances, and forward settling sales are excluded.
- Performance is presented in accordance with the CFA Institute's Global Investment Performance Standards (GIPS). Unless otherwise noted, performance is shown gross of fees. Quarterly returns are presented on an unannualized basis. Returns for periods greater than one year are presented on an annualized basis. **Past performance is not indicative of future returns.**
- ICE Bank of America Indices provided by Bloomberg Financial Markets.
- Money market fund/cash balances are included in performance and duration computations.
- Standard & Poor's is the source of the credit ratings. Distribution of credit rating is exclusive of money market fund/LGIP holdings.
- Callable securities in the portfolio are included in the maturity distribution analysis to their stated maturity date, although, they may be called prior to maturity.
- MBS maturities are represented by expected average life.

Glossary

- Accrued Interest: Interest that is due on a bond or other fixed income security since the last interest payment was made.
- Agencies: Federal agency securities and/or Government-sponsored enterprises.
- Amortized Cost: The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short-term securities (those with less than one year to maturity at time of issuance) is amortized on a straight line basis. Such discount or premium with respect to longer-term securities is amortized using the constant yield basis.
- Asset-Backed Security: A financial instrument collateralized by an underlying pool of assets – usually ones that generate a cash flow from debt, such as loans, leases, credit card balances, and receivables.
- Bankers' Acceptance: A draft or bill of exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill as well as the insurer.
- Commercial Paper: An unsecured obligation issued by a corporation or bank to finance its short-term credit needs, such as accounts receivable and inventory.
- Contribution to Total Return: The weight of each individual security multiplied by its return, then summed for each sector to determine how much each sector added or subtracted from the overall portfolio performance.
- Effective Duration: A measure of the sensitivity of a security's price to a change in interest rates, stated in years.
- Effective Yield: The total yield an investor receives in relation to the nominal yield or coupon of a bond. Effective yield takes into account the power of compounding on investment returns, while nominal yield does not.
- FDIC: Federal Deposit Insurance Corporation. A federal agency that insures bank deposits to a specified amount.
- Interest Rate: Interest per year divided by principal amount and expressed as a percentage.
- Market Value: The value that would be received or paid for an investment in an orderly transaction between market participants at the measurement date.
- Maturity: The date upon which the principal or stated value of an investment becomes due and payable.
- Negotiable Certificates of Deposit: A CD with a very large denomination, usually \$1 million or more, that can be traded in secondary markets.
- Par Value: The nominal dollar face amount of a security.
- Pass-through Security: A security representing pooled debt obligations that passes income from debtors to its shareholders. The most common type is the mortgage-backed security.

Glossary

- **Repurchase Agreements:** A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date.
- **Settle Date:** The date on which the transaction is settled and monies/securities are exchanged. If the settle date of the transaction (i.e., coupon payments and maturity proceeds) occurs on a non-business day, the funds are exchanged on the next business day.
- **Supranational:** A multinational union or association in which member countries cede authority and sovereignty on at least some internal matters to the group, whose decisions are binding on its members.
- **Trade Date:** The date on which the transaction occurred; however, the final consummation of the security transaction and payment has not yet taken place.
- **Unsettled Trade:** A trade which has been executed; however, the final consummation of the security transaction and payment has not yet taken place.
- **U.S. Treasury:** The department of the U.S. government that issues Treasury securities.
- **Yield:** The rate of return based on the current market value, the annual interest receipts, maturity value, and the time period remaining until maturity, stated as a percentage on an annualized basis.
- **YTM at Cost:** The yield to maturity at cost is the expected rate of return based on the original cost, the annual interest receipts, maturity value, and the time period from purchase date to maturity, stated as a percentage on an annualized basis.
- **YTM at Market:** The yield to maturity at market is the rate of return based on the current market value, the annual interest receipts, maturity value, and the time period remaining until maturity, stated as a percentage on an annualized basis.

FAIRFIELD-SUISUN SEWER DISTRICT**MINUTES**1010 Chadbourne Road • Fairfield, California 94534 • (707) 429-8930 • www.FairfieldSuisunSewer.ca.gov

Board of Directors Meeting Minutes

Date: Monday, October 27, 2025

Meeting Place: 1010 Chadbourne Road, Fairfield, California

Meeting Time: 6:00 pm

1. The meeting was called to order at 6:00 p.m. by President Jenalee Dawson, who presided over the meeting.

Roll Call – The following Board members were present: Directors Dawson, Hernandez, Moy, Panduro, Shepherd, Tonnesen, Washington (*departed at 7:48pm*) and Williams. Directors Carr and Pal were absent. No Board Alternates were present.

2. Pledge of Allegiance was led by Director Alma Hernandez.
3. Public Comments: Public comment was provided by resident Jim DeKloe concerning the potential issues providing joint sewer service to Fairfield and Suisun residents due to the impact of a proposed development in a currently non-contiguous area near Suisun.
4. Director Comments: Director Alma Hernandez thanked General Manager Jordan Damerel for his attendance at a Town Hall with County Supervisor Wanda Williams where he addressed the District's intent in requesting sewer studies from Solano County regarding feasibility of future sewer service to Suisun Valley. Director Hernandez also thanked Director of Environmental Services Meg Herston and District staff for the Solano Bayshore Resiliency Community Meeting held at Suisun City Hall regarding sea level rise and climate adaptation efforts and noted that the CASA Education Foundation had \$37,000 available for scholarships.
5. General Manager Report – General Manager Jordan Damerel followed up on Director Pal's request from the September 22, 2025 Board Meeting for District and Suisun City staff to discuss Suisun City's upcoming solid waste agreement. Following the September Board meeting, General Manager Damerel reported that District and Suisun City staff met and Suisun City included a provision in the solid waste agreement to allow waste diversion to the District's digesters in the future should the need or an opportunity arise, although there is no specific plans at this time. General Manager Damerel also provided an update on challenges with the Kellogg Resiliency Project and shared that the District has been working with Assemblymember Lori Wilson's office to receive an extension from the California Department of Finance for the State funding allocation. The District anticipates receiving a two-year extension in early November.
6. Consent Calendar:
 - (a) Adopt Resolution No. 2025-30 Awarding a Contract for Services with IT Hub, LLC for Managed Information Technology Services and Approving a Budget Adjustment of \$50,000

- (b) Adopt Resolution No. 2025-31, Approving the California Office of Emergency Services Designations of Applicant's Agent Resolution for Non-State Agencies
- (c) Approve Board Minutes of September 22, 2025

No comments.

Upon motion by Director Moy, seconded by Director Shepherd, the Consent Calendar was passed by the following vote:

AYES: Dawson, Hernandez, Moy, Panduro, Shepherd, Tonnesen, Washington, Williams

NOES: None

ABSTAIN: None

ABSENT: Carr, Pal

7. Action Item:

- (a) Adopt Resolution No. 2025-32, Authorizing the General Manager to Award Professional Services Contracts to Support Review of the Suisun Expansion Plan Entitlement Applications

General Manager Damerel discussed the item and the request to hire additional technical and legal support to assist with providing comments on the 300-page development application for the California Forever Suisun Expansion Plan received from Suisun City. The District intends to provide comments to ensure the development addresses questions on legality, capacity sizing, long-term infrastructure standards and future operations and maintenance. Board approval was sought because California Forever had not yet engaged the District on a reimbursement agreement, but the District still needs to provide technical comments on the entitlement application within thirty days.

Board Directors discussed the item at length, asking clarifying questions on engagement by California Forever and Suisun City, use of attorneys, potential ratepayer impacts, timing considerations, and a potential reimbursement agreement.

The following members of the public made public comments to the Board of Directors

- Duane Kromm discussed the original creation of the District in the 1970s and pro-rata cost-sharing with Anheuser Busch and Travis Air Force base for development at that time.
- Jim DeKloe requested the Board delay the vote due to unknown details surrounding California Forever and concerns about Suisun expansion impacts on Fairfield ratepayers.
- Steve Olry shared concerns that there were not enough details to make a decision and would prefer the LAFCO decision come first.

Director Tonnesen made a motion (Original Motion), seconded by Director Shepherd, to approve Resolution No. 2025-32, as presented.

Board of Directors Meeting Minutes

Monday, October 27, 2025

Page 3 of 4

Director Washington made a Substitute Motion to delay approval of Resolution No. 2025-32 until General Manager Damerel met with California Forever on a reimbursement agreement for all costs associated with the development application, and calling an Special Meeting to vote on Resolution No. 2025-32, pending the results of that meeting.

Vote on the Substitute Motion failed by the following vote:

AYES: Moy, Shepherd, Washington

NOES: Dawson, Hernandez, Panduro, Tonnesen, Williams

ABSTAIN: None

ABSENT: Carr, Pal

Vote on the Original Motion passed by the following vote:

AYES: Dawson, Hernandez, Panduro, Tonnesen, Williams

NOES: Moy, Shepherd, Washington

ABSTAIN: None

ABSENT: Carr, Pal

(b) Adopt Resolution No. 2025-33, The Board of Directors of the Fairfield-Suisun Sewer District Declaring Its Intent to Reimburse Certain Capital Expenditures from the Proceeds of Indebtedness for the Suisun Force Main Project

Director of Administrative Services James Russell-Field presented the item and noted that adoption of Resolution No. 2025-33 does not commit the District to debt but allows the District to reimburse current expenses for the Suisun Force Main Project from future debt proceeds.

No comments.

Upon motion by Director Tonnesen, seconded by Director Hernandez, Action Item No. 7b was passed by the following vote:

AYES: Dawson, Hernandez, Moy, Panduro, Shepherd, Tonnesen, Washington, Williams

NOES: None

ABSTAIN: None

ABSENT: Carr, Pal

8. Discussion Item:

(a) Stormwater Program Overview

General Manager Damerel, Director of Administrative Services Russell-Field, Engineering Manager Irene O'Sullivan, and Director of Environmental Services Herston presented an overview of the Stormwater Program.

Directors received the presentation, asked clarifying questions and made comments.
