

OPERATIONS

OPERATE THE WASTEWATER SYSTEM AND EQUIPMENT.

The plant never stops running - and neither do the people who keep the residents of Fairfield and Suisun City's wastewater safely treated, day and night. Operators are the front line of public health and environmental protection.

FEATURED ROLE

WASTEWATER PLANT OPERATOR

OPERATE. MONITOR. OPTIMIZE.

Keeps the wastewater treatment plant running smoothly; monitors equipment and process readings, performs preventive maintenance, ensures wastewater is properly treated before it returns to the environment, maintains sewer and pump stations, and troubleshoots mechanical and biological issues as they arise.

- Meaningful work that makes a difference
- Competitive pay and excellent benefits
- Career growth and certification support
- On-the-job training
- Stable, in-demand career
- Work outdoors and with technology

A DAY ON THE JOB
